A GIRL, A DOG AND A BRIDGE

Wisps of mist hadn't yet cleared from around the Golden Gate and the City yesterday morning when Independent-Journal photographer Alfred Arn took this photo of his wife JoNell and dog Schnapps during a break in their stroll on Marin Headlands. But early showers cleaned the air and thousands of Marinites crowded beach and mountain recreation areas to take advantage of bright, sunny weather that followed.

Nixon Sends Pompidou Apology On Treatment

First Jail Escape Is Short-Lived

A 26-year-old San Rafael man made the first escape yesterday from the new County Jail at the Hall of Justice but was captured just 45 minutes later.

James Winton Gastmann, of no fixed address, apparently slipped through an opening between a wall and a screen over the roof exercise area th the jail at about 4:15 p.m. A jailer who had been watching Gastmann and other inmates exercise on the roof exercise area at the jail for a short time, officers said.

Gastmann was not discovered missing until the sheriff's department began to receive telephone calls that a man in white overalls (the standard jail garb) was running over hills near Terra Linda and later through back yards there.

A check of the jail population showed that he was gone.

He was recaptured by Sgt. Philip Green of the San Rafael Police Department, who saw him running toward Terra Linda High School. When Gastmann did not stop when ordered to do so by Green, the officer sprayed him with mace.

Gastmann did not stop, Green said, and tried to enter the shcool cafeteria. He was finally stopped by two persons who pushed him out the door and Green then tackled him. Green suffered a minor injury to his left arm and hand and another officer, James Craddock, who had chased Gastmann briefly and had fallen down, also had minor injuries.

Gastmann was returned to jail and rebooked at 5 p.m. He was being held without bail for a court appearance today.

Gastmann, who faces charges of possessing marijuana, giving away the drug and using a minor to give it away, had been booked into jail Friday after his bail bondsman surrendered him. His earlier charges stem from a Jan. 3 arrest at a San Rafael residence.

Lt. Newall Snyedr, chief jailor, said today that he had complained about the opening on roof since he first saw it but county officials had refused to do anything about it. Officials including County Administrator Alan Bruce inspected the gap today.

Confusion On Crime Lab Nod

I-J Special Report

BERKELEY — Marin County's application for a federal grant to set up a North Bay Regional crime laboratory won partial — but pointless — approval on Friday by the Association of Bay Area Governments regional criminal justice advisory board.

In an acknowledged bureaucratic snafu, the same application had been denied Thursday by the state body to which the regional board reports its recommendations.

EXPLAINS CONFUSION

Patrick C. Gregory, consultant to the California Council on Criminal Justice, told the Independent-Journal today that "these things slip through every once in a while." He added that the state council has set up a committee to study how to avoid such confusion.

The county's application for a $115,913 grant was trimmed by the regional board's staff to $62,173. The lab would serve Marin Sonoma, Napa and Solano counties.

A spokesman for ABAG said the regional board did not know the state council already had acted on the application. It was the second time the state council had denied the county's application.

FIRST REJECTION

The first rejection, about seven months ago, was to give the state council time to have a study made of a statewide crime laboratory system. The study was completed, but found inadequate, so a second study will have to be made, Gregory said.

He said that the county's application, and similar ones from other counties, will be reactivated for consideration by the council after the second study is made.

Gregory confirmed reports that the first study was flawed because it considered only counties that already had crime laboratories, thus concluding that new ones elsewhere were not needed.

Will Attend Dinner For French Visitor

NEW YORK (AP) — President Nixon planned to fly here this afternoon to dramatize an apology he made to French President Georges Pompidou for what Nixon called discourteous treatment of the French Chief executive during his state visit to America.

The White House announcement came as Pompidou was lunching at United Nations headquarters with Secretary-General U Thant after having canceled a scheduled meeting with Jewish leaders.

Pompidou was stung by the behavior of pro-Israel demonstrators in Chicago Saturday night. They jostled him and got within a distance considered dangerous by both French and American security men.

The French president's aides let it be known that he might cancel the two-day New York section of his visit because of announcements by Jewish organizations that they planned massive turnouts against him.

Mayor John V. Lindsay, who has declined to receive Pompidou officially, issued an appeal to New Yorkers for courteous behavior and this, combined with assurances of stepped up security precautions, apparently reassured the French leader.

WHITE HOUSE LEARNS

The White House, in the meantime, had been informed of his displeasure and the possibility that the visit might be broken off.

Nixon telephoned his apologies to Pompidou Sunday night and press secretary Ronald L. Ziegler said today "the President feels very strongly that a head of state who has been invited to this country and is our official guest should receive courteous treatment."

Ziegler said Nixon also feels that "a few citizens who have acted in a discourteous manner and disrespectful manner ... do not represent the American people and this country's attitude toward France."

The President, Ziegler said, will attend the dinner in New York "to underline the deepening and improving relations between France and the United States."

The dinner is scheduled for the Waldorf Astoria Hotel at 8 p.m. EST—and so is a major demonstration aimed at Pompidou.

SPONSORING AFFAIR

The Franco-American Society is sponsoring the affair.

To a question whether the White House hoped Nixon's feelings regarding the treatment accorded Pompidou had been conveyed to state and city officials not attending the dinner, Ziegler said the President was endeavoring to convey these feelings to all of the people.

There was no immediate French reaction to Nixon's apology.

Security men did not let him face any demonstrations in New York. The motorcade came down the East River Drive and directly into the United Nation's basement garage without driving on a Manhattan street.

The demonstrations are to protest the French sale of 110 Mirage jet fighters to the Arab state of Libya while continuing to impose an embargo on the

Another Bank Cuts Prime Rate

CLEARWATER, Fla. (AP) — American National Bank announced today it had reduced its prime interest rate from 8½ per cent to 8 per cent.

Neil Muzzy, bank president, said in a statement that his bank was one of the last in the nation to raise the prime rate to 8½ per cent. In so doing, he said, the bank promised borrowing customers that American National would be one of the first to decrease it.

The cut was effective March 1, he said.

"We feel that the reduction is justified by current money market conditions and will assist the housing market and help to fight inflation," Muzzy said.

The move to the lower prime rate—the interest which banks charge their biggest corporate borrowers — was started last Wednesday by the Lincoln National Bank of Philadelphia.

Lincoln National was followed by several other small banks, but market analysts say the reduction will not be followed immediately by the larger banks.

The analysts said loan demands were still too high at major banks to warrant a cut in the rate.

The rate has been at the record high 8½ per cent since last June, when it was raised from 7½ per cent.

Viscount Lands After Collision

VANCOUVER, B.C. (AP) — An Air Canada Viscount collided in flight with a small aircraft Sunday and then landed safely here with one engine billowing smoke.

The small plane was reported to have crashed near Ladner, B.C., about eight miles south of the airport, but no details were available immediately.

An Air Canada spokesman said no one aboard the Viscount was injured. It was reported bound from Victoria to Vancouver when the collision took place.

Petalumans To The Polls Tomorrow

Petalumans will go to the polls tomorrow to decide on two bond measures totaling $1 million. Polls will be open from 7 a.m. to 8 p.m.

A total of 9,649 persons are registered to vote.

Included is a $200,000 measure to build a new fire station on South McDowell Boulevard and to finance an addition to the central fire station on D Street.

The other measure, for $800,000, would finance improvement of Caulfied Lane to overcross Highway 101 and extend into improver Jefferson Street, Hopper Street and D Street for a second east-west crossing of the city.

Polling places include the Schmidt residence at 1290 Lindberg Lane; McDowell, La Tercera, Bernard Eldredge, McKinley, McNear, Grant and Valley Vista schools; Kenilworth Recreation Center, St. John's Episcopal Church, Bundesen's Realty, Veterans Memorial building, Petaluma High School warehouse, city hall, Trenam residence at 5 Hill Drive, labor administration building, Shennan residence at 8 Cader Court, George Pontiac-Buick showroom, Free Will Baptist Church and Graeber residence at 1336 Berrydale Drive.

U.S. Coffee Drinkers Face Big Price Hike

WASHINGTON (AP)—Retail coffee prices are expected to soar this year and may cut even deeper into American consumption of the country's favorite brew, government and industry experts say.

Average prices already have climbed to the highest levels in a dozen years and the ceiling is not in sight. The Bureau of Labor Statistics said retail coffee prices last month averaged 82.5 cents a pound, up more than two cents from December.

A year earlier the BLS average was 76.2 cents. And for all of 1969 the average price was 76.5 cents, only one-tenth of a cent more than in 1968.

But a killing frost last July in Brazil, the world's chief exporter, severely damaged trees which produce coffee beans.

The Agriculture Department says newly planted trees will not be ready for production until about 1975. Meantime, the experts say, world coffee supplies will be tight.

No one is predicting that prices will climb to the $1.23 per pound housewives paid in August 1954, but one official guessed the average could be near $1 per pound by next winter if current conditions persist.

An industry official, representing the Pan American Coffee Bureau, called the recent price increases a "psychological scare" resulting from the freeze last year in Brazil.

The coffee trade says retail prices generally have declined since the 1958 average of 84.6 cents a pound. The low mark was 67.4 cents in 1962, when the International Coffee Agreement was put forth to help with marketings and iron out price fluctuations.

Meantime, according to Pan American Coffee Bureau surveys, American per capita coffee drinking is shrinking.

Petition On Recalling Of Trustees Filed

Sausalito Citizens for Excellence in Integrated Education today filed with the county schools superintendent its petitions for an election on recall of two Sausalito school trustees, thus qualifying the petitions for circulation.

The petitions are for election on recall of David E. Freedheim and Martha Freebairn-Smith. Identical except for the names, they call for the recall "for the following reasons:

"1. Lack of academic responsibility.

"2 Lack of financial responsibility.

"3. Lack of responsibility to the electorate."

Margo Gergus and Shirley Lyon of the CEIE filed the petitions at the county schools office. Mrs. Gergus said copies for circulation could be obtained from her.

She said CEIE is urging signing of the petitions as the best way to give the voters of Sausalito School District the decision on whether to retain the present school board and continue its policies.

Cuba Captures U.S. Boat; Captain Radios Back Home

EAST ORLEANS, Mass. (AP) — The wife of a sea captain who, along with his boat and crew was captured by a Cuban vessel, said today the State Department has told her that her husband radioed that he will be freed "in a day or two."

"A desk man at the State Department in Washington phoned me this morning just before going off duty, saying the Coast Guard had picked up a radio message from Sten," Mrs. Sten Carlson told the Providence (R.I.) Bulletin.

Carlson and a crew of five were detained Sunday after a Cuban vessel intercepted the 65-foot Jocelyn-C. Ship radio reports said the boat was seized about 140 miles from the Cuban port of La Isabela, where the American boat was taken.

"He said they were all right and he felt they would be released in a day or two," Mrs. Carlson said, adding that the message "relieved a lot of her worry."

She quoted the State Department as saying her husband's boat was being escorted to the Cuban port of Barien, located on the island's north coast, and was due in at about 10 a.m. EST.

Snow Plows Clear Grand Canyon Area

GRAND CANYON, Ariz. (UPI)—Snow plows cleared the main highway into the Grand Canyon early today where nearly 600 tourists were snowbound by a massive storm which blanketed the area up to three feet deep.

Authorities said snow continued to fall and chains were required to pass on the highway. None of the tourists attempted to leave immediately, according to a park ranger.

"We'll have plows moving throughout the night and we'll make sweeps in the morning of the roadways," said Dick Rayner, management assistant for the Grand Canyon National Park.

Most of the stranded tourists were taken to the Bright Angel Lodge, which was quickly filled to capacity. The El Tovar Hotel, normally closed in the winter, was opened and 10 parties spent the night at the visitors center, which houses historical exhibits on the canyon.

"We've got people in places where they can stay reasonably comfortable," said chief ranger George, VonderLippe.

Roy H. Deardorff, 50, Garden Grove, Calif., was one of those taken to the center.

Family Struck, Killed By Auto

YOSEMITE NATIONAL PARK (UPI) — The Air Force has released the names of a family killed when they were struck by a car as they viewed the scenery at Inspiration Point here Saturday.

The victims were Lt. Col. James Walls, 41, his wife, Joy, 39, and their son James, 11. Walls was stationed at Castle Air Force Base near Merced.

Officials said a car driven by Richard Cornelius, 22, Carmichal, went out of control as it left the Wawona Tunnel.

It slammed into a retaining wall and careened into the Walls as the family stood beside their own car.

WORLD NEWS IN BRIEF

Austria Vote

VIENNA (AP) — Bruno Kreisky, slated to be Austria's first Socialist government chief since World War II, today began mapping strategy for talks to build a new government coalition with the Conservatives.

The Conservatives and Socialists governed in coalition from 1945 to 1966, with the Conservatives always in charge because they held more seats in Parliament. But in elections Sunday the Socialists came out ahead for the first time, with 81 of the 165 seats in the lower chamber, a gain of seven.

The Conservative People's party headed by Chancellor Josef Klaus lost seven seats to win a total of 78, and the Freedom party retained the six seats it had held.

Order Candidate

GUATEMALA (AP) — Law-and-order candidate Carlos Arana Osorio took the lead in the Guatemalan presidential race today, but the returns were too sketchy for the outcome to be predicted. The rural vote was expected to favor the government candidate, moderate leftist Mario Fuentes Pieruccini.

About 1.2 million persons were eligible to vote in the presidential and congressional elections Sunday. The presidential candidates were Col. Arana, 51; Pieruccini, 49, of the Revolutionary party; and Jorge Lucas Caballeros, 45, of the Christian Democrats.

With less than 10 per cent of the vote tabulated, Arana had a little more than 33,000 votes; Lucas had about 26,000, and Fuentes Pieruccini had about 24,000.

Wallace Support

WASHINGTON (AP) — Sen. Herman E. Talmadge, D-Ga., has predicted that former Alabama Gov. George Wallace would carry five Southern states if he seeks the presidency in 1972.

Talmadge noted that President Nixon was doing a "fair job," but said it was "too early to tell" how Nixon would fare in the 1972 election.

The senator appeared Sunday on NBC's "Meet the Press" along with Sens. Abraham Ribicoff, D-Conn., and Walter F. Mondale, D-Minn. He added that he was undecided whether Nixon was for or against the South on school integration.

"Once he makes up his mind I hope we will be on the same side," Talmadge said.

Wallace carried Alabama, Arkansas, Georgia, Louisiana and Mississippi in the 1968 presidential election.

For Carswell

WASHINGTON (AP) — President Nixon's nomination of G. Harrold Carswell to the Supreme Court seems well on the road to Senate confirmation, although opponents still hold out hope of blocking the appointment.

A poll of the Senate by the Associated Press shows 37 firm votes at this time for confirmation with eight more leaning in favor.

In opposition were 18 senators; three members tending toward a no-vote. The remaining 34 senators said they were uncommitted, declined comment or could not be reached.

The 2-1 margin reflected in the poll follows an earlier prediction by Sen. James O. Eastland, D-Miss., a major supporter of Carswell, a Tallahassee, Fla., federal appeals court judge.

Bomb On Jet

ROME (AP) — A bomb was discovered aboard an Ethiopian jetliner at Rome's Fiumicino airport Sunday night—and was detonated in a nearby field by Ethiopian security agents, airport police said.

The plane was Ethiopian flight 715 which had been due to take off for Athens, Beirut, Asmarra, and Elisabetha in the Congo with 40 persons aboard.

However, it was held on the ground by the crew. Airport officials declared a state of emergency at Fiumicino.

Security agents ordered all passengers off the plane.

Burch's View

WASHINGTON (AP) — Federal Communications Commission Chairman Dean Burch said Sunday he does not favor banning "kooks" from television but thinks they should be kept in "a proportionate place."

Burch commented on a statement by Vice President Spiro T. Agnew last week that television and other news media should pay less attention to "kooks . . . demagogues . . . social misfits."

"I think he was talking about these people who are not only radical in their political views but in their dress and style of life," Burch said.

Burch was interview on ABC's TV-radio program "Issuues and Answers."

"I don't subscribe to the idea we keep them completely off the air, but I don't have any objection to the suggestion that we take a rather balanced view of their place in society," Burch said.

Dublin Greets Kennedy, Wife

DUBLIN (AP) — Sen. Edward M. Kennedy and his wife arrived in Ireland today on "a sentimental journey" to the land of his forefathers.

"I am very pleased and delighted to be here," he told newsmen. "It is a sentimental journey, and for me and my wife it recalls the visit of the late President to these shores. I would wish to come back again for a longer visit."

It is Kennedy's first visit to Ireland since 1964. He will speak at Dublin's Trinity College Tuesday night for the 200th anniversary of the founding of the college historical society by writer-statesman Edmund Burke.

The senator told newsmen he was definite about not seeking the Democratic presidential nomination in 1972 but would not comment on his plans after that.

A TIGHT SQUEEZE

Things got pretty tight for Dean James Spencer, 15, of West Covina yesterday when he accidentally fell into a storm control drain entrance during heavy rain. Here he is being assisted by a rescue worker. It took nearly 10 minutes — using lubricating compounds — to free him. He told police that after falling on the ground near the gutter entrance, swift moving water kept pushing him in. (AP Wirephoto)

B52 Bombers Hit North Viet Supply Routes Into The South

SAIGON (AP) — About 40 U.S. B52 bombers pounded a North Vietnamese supply build-up extending from inside Laos to the northern entrance of the A Shau Valley in heavy raids Sunday and today.

The eight-jet Stratofortresses dropped more than 1,000 tons of bombs on base camps, bunkers and storage areas in the northwest sector of South Vietnam and in the adjacent area of eastern Laos.

Informed sources said in Saigon last week that Hanoi had launched the biggest supply operation of the war down the Ho Chi Minh Trail and was moving hundreds of tons of war materials through the 25-mile-long A Shau Valley for distribution to North Vietnamese and Viet Cong troops fighting in South Vietnam.

Another 20 B52s dropped 600 tons of bombs on North Vietnamese troop concentrations and base camps in the western Mekong Delta eight miles from the Cambodian border.

Two more American helicopters were reported lost. One was shot down in the Central Highlands a mile from the Cambodian border and 112 miles northeast of Saigon, but the crewmen escaped unhurt. A second helicopter carrying South Korean troops developed engine trouble and crashed 15 miles northwest of Cam Ranh Bay, killing the American pilot and injuring three Koreans.

The losses raised to 6,456 the number of American helicopters and fixed-wing planes reported lost in Vietnam since Jan. 1, 1961.

Eight miles south of Da Nang, two explosive charges believed planted by Viet Cong saboteurs ripped through a 40-foot bridge across the Song Thanh River, temporarily closing National Highway One, military spokesmen said.

It was the second time in three months that the bridge had been blown up.

Egypt Reports 32 Killed In Israeli Plane Raids

By THE ASSOCIATED PRESS

Egypt reported Israeli planes killed 32 soldiers and civilians in a raid on Egyptian military positions in the central and southern sectors of the Suez Canal Sunday.

It was the second time in two weeks that Egypt had charged Israeli attackers with causing heavy casualties. Egypt said on Feb. 13 that Israeli planes killed 70 civilians in an attack on a scrap metal plant 17 miles north of Cairo.

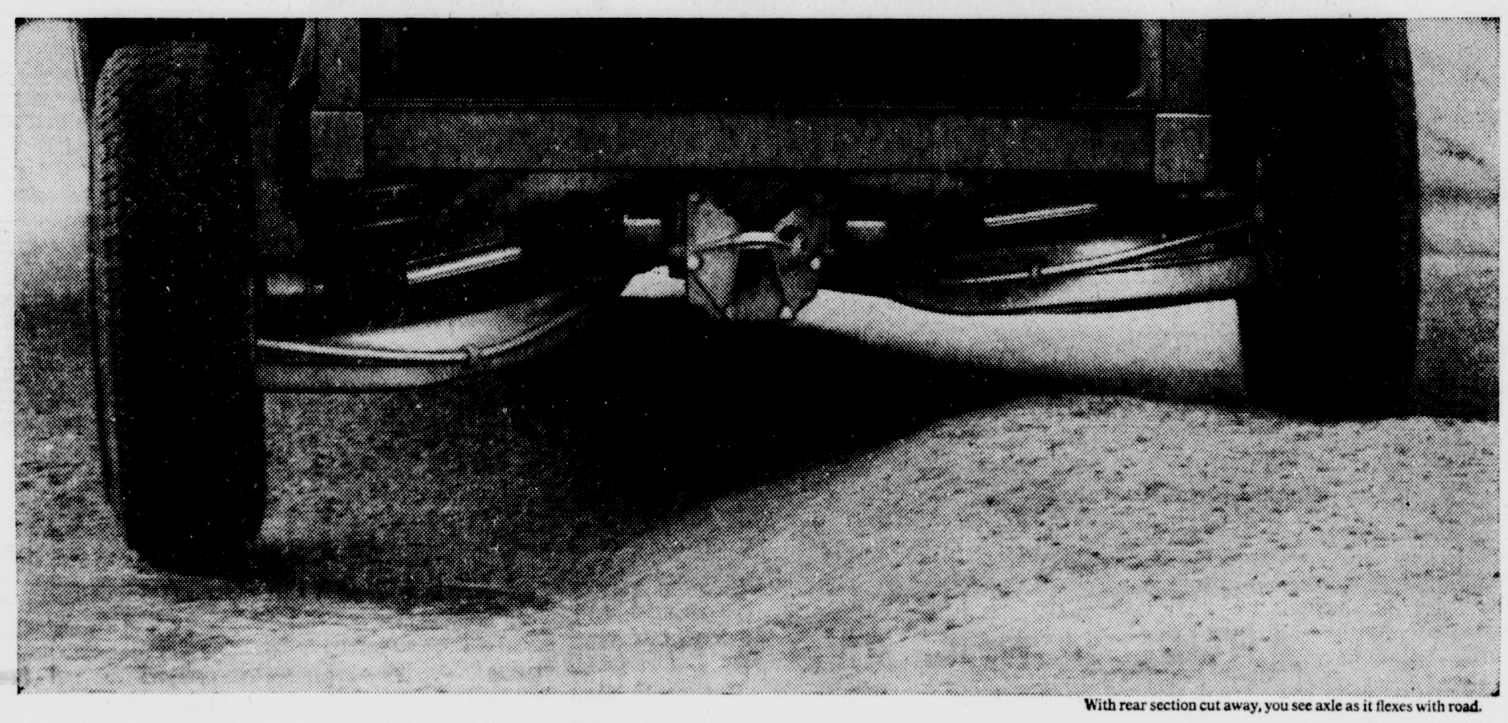
The announcement today by the Middle East News Agency did not say how many of the dead were troops and how many civilians. But it said the civilians were "working with the armed forces."

The Israeli military command in Tel Aviv announced three raids across the canal and said some planes penetrated 15 miles into Egypt. The command said all planes returned safely. There was no estimate of the raids' effect.

In Israeli-occupied Gaza City, military officials said three Arabs were killed and seven wounded today when a hand grenade was thrown into the passport office. Officials said it was possible one of the dead men was the attacker.

It was the second grenade attack in Gaza in a week. Last week one Arab was killed and 39 were injured when a grenade was thrown.

Libra, the balance, Scorpius, the scorpion, and Sagittarius, the archer, are the fall signs of the zodiac.



With rear section cut away, you see axle as it flexes with road.

"Mercedes-Benz cars have to cope with the roughest roads in Europe. That's why we build our axles *this* way—not as a rigid, one-piece beam."

EVER make the mistake of taking what you thought was a shortcut?

You chose a road that looked quicker on the map. But you were soon jolted into admitting your error. You had to fight to keep control as your car bottomed and bounced at every rut and bump.

That's because most cars are designed to provide a "boulevard ride." Provided you *stay* on boulevards and turnpikes.

Articulated rear axle tames rough roads.

Try that same shortcut with a Mercedes-Benz. You'll appreciate the feeling of control when you slam into that first unexpected chuckhole. And you'll notice less pitching and bouncing over bumps and railroad crossings. Even washboard surfaces and cobblestones won't produce that skitterish, you're-about-to-lose-it feeling.

Independent rear suspension

Our secret: An *articulated* rear axle. A sophisticated and tough combination of shafts and *joints* that allows each rear wheel to move up and down independently of the other. Just as the front wheels do. To give you a smooth ride without compromising road-holding.

But the advantages of independent rear suspension aren't limited to rough going. On a turnpike the benefits are more subtle, but perhaps even more important.

Tracks like an arrow

When you aim a Mercedes-Benz down an expressway, you'll find it tracks like an arrow, without those tiny steering corrections you used to make for "road wander."

Slap it over tar strips. The suspension soaks them up with firm control. Not four or five reverberations.

And if you've ever been lulled by high-speed expressway driving into taking an exit just a bit too fast, you'll appreciate the adhesive cornering power of Mercedes-Benz' independent suspension. It gives you an extra margin of control that somehow keeps your palms a little drier and your brake foot a little less itchy.

Disc brakes on all four wheels

Automotive editors and engineers agree that disc brakes are superior to common drum brakes. So when it comes to brakes, our philosophy is simple. Use disc brakes. Not just on the front wheels. Not as optional extras. Use them on all four wheels. Offer no options.

The *four* disc brakes on a Mercedes-Benz will help you stop surer, smoother and reduce the chances of fade and lockup.

How to judge a car

Before you judge the character of a car, you should view it as a totality. Somewhat the way you judge the character of a person. So here are a few more points to help you judge a Mercedes-Benz.

1. Our overhead camshaft engines are precisely machined, balanced and bench tested to withstand the rigors of Germany's Autobahns. At American speed limits, a Mercedes-Benz is literally loafing.

2. Subtle characteristics of tires have profound effects on the overall performance of a car. Tires used on our cars are tuned to the movements of our suspension, so they'll work as integral parts of the total system.

3. All the engineering and automotive theory in the world isn't going to *build* a great car. The actual building is up to the craftsmen in the factory.

That's why we use skilled cabinetmakers to craft and fit the wood trim. Former dressmakers to sew the upholstery. And an assembly line that pokes along, always willing to switch off an imperfect car when one of our 2,000 or so inspectors says, "No that's not good enough."

Colonels, Major End Army Service

Three Army officers from Marin County have retired after lengthy service and were honored recently at a retirement parade at the Presidio of San Francisco.

Lt. Col. Peter S. Paun, of 705 Butterfield Road, San Anselmo, entered the Army in 1936. During World War II he participated in four campaigns in the European-African-Middle East theater of operations. He served the greater part of his career in the Army Reserves in transportation corps units.

Maj. Stephen K. Chipman, of 1341 Denlyn Street, Novato, entered the Army in 1945 and has served in Japan, Korea, Libya, Vietnam and Okinawa with the Corps of Engineers. In January 1969 he was assigned to Headquarters Company, U.S. Army Garrison at the Presidio.

Lt. Col. Nelson A. Lecklikner, of 88 Elena Circle, San Rafael, entered the Army in 1937. During World War II he served in the South Pacific, and his combat assignments have included duty in Vietman.

County Airport Budget Readied

A preliminary budget of $270,500 for the Marin County Airport for fiscal 1971 will be submitted to the Marin County Aviation Commission at 8 p.m. tomorrow in the board of supervisors chambers at the Civic Center.

Mario Balestrieri, deputy director of county public works, said the tentative spending program includes purchase of 5.3 acres south of the Novato airport and development of at least 50 more parking spaces for planes.

The total cost of operations and developments at Gnoss Field for 1969-70 is expected to reach $128,000.

The commission will also discuss the possibility of joint military-civilian use of Hamilton Air Force Base.

Cat Fanciers Set Show This Weekend

The Marin County Cat Fanciers will hold their annual all-breed cat show Saturday and Sunday from 10 a.m. to 5 p.m. at the Santa Rosa Veterans War Memorial Auditorium.

Proceeds from the show will go to the Humane Societies of Marin and Sonoma counties.

DEPUTIES WRAP UP NUDE SCENE

If nude bathing comes, can spring be far behind?

Three Marin youths opened this season a little early Friday at Stinson Beach State Park, and were chilled by sheriff's deputies if not the weather.

Deputies reported that a 15-year-old Mill Valley boy and two 15-year-old Tiburon girls were bathing nude at the beach at 11:45 a.m.

The boy was turned over to juvenile authorities and the two girls given juvenile citations, deputies said.

Marinites Earn Dean's Honors

Four Marin County students have been named to the dean's list from the College of Agricultural and Environmental Sciences at the University of California at Davis.

Named to the list for the fall semester were Marcy A. Eisenhauer of Novato, Steven H. Sharrow of San Anselmo, and Terrell Cohen and Nancy V. Loeber of San Rafael.

Congressman James Utt Succumbs At 70

WASHINGTON (AP) — Rep. James B. Utt of California, a longtime leader among the more conservative House Republicans, died Sunday a few hours after suffering a heart attack.

The 70-year-old California native became ill at church and returned to his home where his condition worsened and he was taken to the Naval Hospital in suburban Bethesda where he died soon after arrival.

A two-term assemblyman before he went to Congress, Utt was the second California GOP member of the House to die this year. Rep. Glenard P. Lipscomb died in February.

In Sacramento, Gov. Reagan said through an aide that he was "deeply saddened" by Utt's death.

The congressman, whose home was in Santa Ana, had suffered a heart attack about two years ago and another one last fall. However, an aide said, he recently received a favorable report from his physician and apparently was in good health until the fatal seizure.

Utt was serving his ninth term as a representative from California's 35th district. He was the second-ranking Republican on the House Ways and Means Committee.

Body Of Airman Found On Angel Island Beach

The body of a 19-year-old airman from Hamilton Air Force Base, who had been missing in San Pablo Bay since Feb. 14, was discovered yesterday afternoon at swimmer's beach, Angel Island.

The body of Airman 1/c Bruce Barton Scopes, a senior seaman attached to the base, was discovered at 12:50 p.m. by Park Ranger Harvey Leo Lively, reported Deputy Coroner Richard W. Madigan.

Scopes and Base Asst. Fire Chief Samuel J. Blumenberg, 45, of Fairfax, disappeared from a shakedown cruise of a rescue vessel, a Boston Whaler, Feb. 14, and Blumenberg's body was discovered north of Angel Island Friday.

Madigan said Scopes's body was released to the Air Force for an autopsy at Travis Air Force Base.

A native of Florida, Scopes had been stationed at the base 13 months.

The two men had left Buck's Landing near China Camp in the 19-foot long board, and when they failed to return a search was started. The boat was found empty that night by the Coast Guard in the Sisters Island area. Gear was still on board and there wasn't any sign of an accident.

Madigan said Scopes' body was found face down in the sand with his field jacket a short distance away, carrying his identification.

U-Turn In Rain And Seven Die

GLENDORA (UPI) — Five children and two adults were killed and five other persons seriously injured when the driver of a station wagon attempting to make a U-turn on rain-slick U.S. 66 was struck by two other vehicles.

Mrs. Ramona Lopez, 35, Azusa, Calif., was the driver of the station wagon hit on the busy highway by another car and a van.

Two of her children were killed in addition to another of her passengers, his two children and the driver of the van. Mrs. Lopez, whose husband was on National Guard duty near the strife-torn University of California at Santa Barbara campus, was in critical condition.

Tribunal Puts Limit On Draft Prosecution

By CHARLOTTE MOULTON

WASHINGTON (UPI) —A divided Supreme Court ruled today that a youth refusing to register for the draft is subject to prosecution only until his 23rd birthday. The 5-3 decision rejected a government argument that the statute of limitations runs until he is 31.

The majority opinion by Justice Hugo L. Black drew a strong dissent from three justices, including Chief Justice Warren E. Burger. From the bench, Justice Byron R. White declared in dissent that the decision "represents the kind of free-wheeling judicial authority that courts ought to avoid."

But the five-judge majority ruled that the statute of limitations begins when a youth is 18 and required to register and expires five years from that time. Black asserted this was the intent of Congress in including the limitation in the Selective Service Law.

The decision reversed the 1967 conviction of Robert I. Toussie of Brooklyn, N.Y., for wilfully refusing to register.

In other actions, the court:

Refused to hear an appeal of Georgia Gov. Lester Maddox who was challenging a state law barring him from seeking a second term in succession. The court held it had no jurisdiction in the case.

Agreed to decide next term the constitutionality of authority given the Post Office Department to impound orders and payments sent to mail order smut peddlers.

Accepted a Baltimore case in which it was charged that the traditional $30-or-30-days type of penalty for misdemeanors discriminates against indigent defendants.

Agreed to rule in a Florida case whether a firm violated the 1964 Civil Rights Act by refusing to hire a woman with pre-school children.

In the draft registration decision, Justice John . M. Harlan joined Burger and White in dissenting.

Black, in the majority opinion, conceded that a "statute of limitations may permit a rogue to escape."

But he said, "when a court concludes that the statute does bar a given prosecution, it must give clear effect to the clear expression of congressional will that in such a case 'no person shall be prosecuted, tried, or punished.'"

Blackwell To Run For Water Panel

George W. Blackwell, former Mill Valley city councilman, today announced his candidacy for the Marin Municipal Water District board.

Blackwell is the third candidate for the board from the division now represented by William A. Marcus, who is not expected to seek another term. Election will be at the June primary, with a November runoff if necessary.

Blackwell served on the Mill Valley City Council from 1956 to 1964, and was chairman of the council's sewer committee. He is credited with two changes in the California Health and Safety Code dealing with sewers and sanitary districts. He is chairman of Flood Control Zone 3, and was chairman of the municipalities, districts and commissions committee of the 1969 Marin County Grand Jury.

Now associated with Cagwin and Hamilton, real estate brokers, Blackwell was previously in the insurance business. He served eight years as an officer of the British Royal Engineers, and came to the United States from his native England during that service.

His home at 2 Fern Canyon Road, Mill Valley, gives him a front-door view of district watershed lands which, he said today, he is determined to keep in their natural state and free from any development.

sale of military hardware to Israel.

Lindsay, who announced previously there would be no formal reception for Pompidou, will be in Washington during the president's two-day visit. He said his appeal did not question the right of peaceful expression of feelings.

"Many New Yorkers understandably dissent from French policies in the Middle East," Lindsay said.

Pompidou arrived at Westchester County Airport Sunday where he was greeted by about 1,000 demonstrators. He spent the night at the home of U.S. Protocol Chief Emil Mosbacher, a millionaire yachtsman, in White Plains.

In addition to the airport protest, demonstrations began Sunday in New York against Pompidou's visit. A rally at Hunter College drew 1,500 persons Sunday night.

Sen. Charles E. Goodell, R-N.Y., told the gathering that France was playing a "reckless and dangerous game of trading arms for oil in an attempt to regain its influence in the Middle East."

Manhattan Borough President Percy Sutton, a Democrat, said France "cannot deliver Mirages to Israel, but it had no difficulty in delivering Mirages to Libya that both you and I know are intended for Egyptian hands."

Pompidou has said that if the jets get to Egypt, France will revise its position toward noncombatant Libya.

Boy's Home Bombs Are Cleared Up

Bombs found in the home laboratory of a 16-year-old Tamalpais Valley boy Friday are not at all similar to ones discovered in two suitcases dumped off Shoreline Highway the day before, officers said today.

Lt. Guido Battaglia of the Marin Sheriff's department said that the youth, Steven Gill of 371 Marin Avenue, was booked into Juvenile Hall, however, for illegal possession of explosives.

Battaglia said that he and juvenile officers went to Gill's home because the youth has experimented with explosives in the past. After being given permission to search the boy's upstairs laboratory by his mother, the officers found two beer can bombs which had been filled with a chemical explosive made by the boy.

"He made the explosive from fertilizer and additional chemicals," Battaglia said. He described the youth as extremely bright.

Young Gill said that he was not responsible for recent loud noises heard in Tamalpais Valley.

Battaglia added that the bombs found in the suitcases Thursday, which have been linked to recent bombings in San Francisco, are believed to be the work of someone else.

Young Gill's explosives were turned over to Army demolition experts, Battaglia said.

Leary Sentenced On Drug Charge

HOUSTON (UPI)—Dr. Timothy Leary was sentenced today to 10 years in prison on charges of illegally transporting marijuana into the United States.

Leary, the high priest of the drug set, smiled but was quiet throughout the sentencing in U.S. district court.

Judge Ben Connally denied bond for Leary.

Two More Firms Have Windows Hit

Windows in two more San Rafael business firms were smashed during the weekend, possibly in connection with San Francisco Typographical Union 21's strike against the Independent-Journal, San Rafael police reported today.

A window at Marion's Maternity, 1336 Fourth Street, was smashed and a nut found inside the shop Thursday night or Friday morning, police reported.

It was the first time the maternity shop had been attacked since its windows were smashed Feb. 14 during a riot outside the I-J that resulted from a massive labor rally in support of the San Francisco union.

Owner Marion Bennett said today the large size of the hole in the window made it appear it was smashed and the nut dropped inside.

Three steel nuts fired Saturday, possibly with a sling shot, smashed three windows at Marin Piano, 117 Jacoby Street, police reported. Owner Alfred J. Gehl told police he had been warned to stop his advertising in the Independent-Journal.

An I-J news rack was recovered in the backyard of Ernest M. Stires at 1627 Fifth Street Saturday, police said. The plastic cover of the rack had been damaged but six newspapers were left untouched inside and no attempt was made to break into the coin box, police said. Stires said he had no idea how the rack got into his yard.

Commissioners Rule Out Forced Annexation

The county and cities should try to get a uniform zoning classification on land that may be annexed to cities, but forced annexation is undesirable, Marin County Planning commissioners decided this morning by unanimous vote.

The policy statement was in answer to the Local Agency Formation Commission's policy of requiring annexation to a city as a condition to annexation to a special district.

On a motion by Niels Schultz Jr. and a second by Margaret Azevedo, the planning commissioners approved a policy statement that deletes all reference to forced annexation. The statement, to be sent to the county board of supervisors, acknowledges merely that "uniform or highly common zoning classification ordinances as between the cities and the county should be a goal."

Also, once a common general plan is achieved, the county should zone and the city should prezone in accordance with the common general plan, said the planning commissioners.

Attendant Is Robbed Of $100

A 16-year-old gasoline station attendant told sheriff's deputies that he was gagged and tied Saturday by an armed robber who took about $100 in cash from Jack's 66 Station, 8161 Redwood Highway, near Novato.

The attendant, Arnold D. Ash, of Novato reported that a man in his late twenties, about six feet tall with a goatee and moustache, wearing an Army fatigue jacket robbed the station at about 5 a.m.

Ash said he was in the lubrication room when the man came in, pushed him down, tied him to a pipe in the storage room and gagged him, and then took the money from the cash register.

Ash said about an hour and a half later, he was released when a car came into the station and he shouted for help through his gag.

Library On Agenda

Plans for the proposed Corte Madera Library will be considered when the Corte Madera Board of Design holds a special meeting at 8 p.m. today in the conference room at town hall.

Novatan Is Arrested In Drug Probe

A 22-year-old Novato man, under investigation by San Rafael police on suspicion of possession of Marijuana and having a .32-caliber revolver, was arrested Saturday by Novato police on suspicion of possessing the weed, police reported.

Booked into Marin County Jail and held in lieu of $1,000 bail was Richard James Fountain, 22, of 1320 Monte Maria Avenue. He was to appear this afternoon in Marin Municipal Court.

Novato police went to question Fountain at 4:35 p.m., Saturday, but he ran to the home of Al Joaquin Miranda at 1320 Monte Maria where Fountain handed Miranda a plastic bag containing vegetable matter, thought to be marijuana. No charge was filed against Miranda, pending further investigation, police reported.

Fountain was arrested by San Rafael police last Tuesday on suspicion of possession of marijuana and a .32-caliber revolver. No charge was filed against him Wednesday in Marin Municipal Court pending further investigation by San Rafael police. Fountain was out on $1,000 bail on that case when Novato police arrested him.

Five Hurt In Auto Accidents

Five persons received minor injuries in three auto accidents yesterday in Marin, the California Highway Patrol reported today. All refused medical aid and said they would see their own doctors.

Adam Ellis, 3, of Box 143, San Geronimo, received a bump on the head yesterday when an auto driven by his mother, Phyllis J. Ellis, 28, was struck from behind in a three-car pileup on Sir Francis Drake Boulevard, east of San Geronimo-Nicasio Road.

Mrs. Ellis told officers she was stopped in the westbound lane to make a left turn when her car was hit by an auto driven by Alvin G. Hollz, 29, of El Cerrito. A third car, driven by Anthony F. Lawrence, 15, of 2 Willow Avenue, Fairfax, crashed into the Hollz car, the highway patrol said. Lawrence received a cut hand in the accident which occurred at 3:30 p.m.

Two San Rafael men, William E. Milliken, 24, and James Moulon, 29, both of 19 Wilson Court, complained of unspecified pains after their car overturned 1 noon yesterday on highway 101 southbound, north of California Park Hill.

The highway patrol said the car driven by Milliken swerved to avoid an auto driven by Shannon R. Pixley, 20, of 400 Canal Street, San Rafael and rolled over, striking the Pixley car before it came to rest.

Robert J. Davis, 61 of San Francisco, complained of neck pains after his car collided yesterday with an auto driven by Lincoln R. Morita, 27, of an Francisco. The accident occurred at 2:45 p.m. on Highway 101 northbound just south of Tamalpais drive according to the highway patrol which could give no details of the mishap.

Hub Trustees Due Summer School Plan

Summer school plans will be outlined when the San Anselmo School District board meets at 7:30 p.m. tomorrow in the multipurpose room of Sleepy Hollow School.

The board also will hear maintenance plans for 1970-71, the results of state and district testing programs, and a report on the program for educationally handicapped students.

Sausalito Topics

Sausalito city officials, businessmen and candidates for the city council will meet to discuss downtown problems, including traffic and ordinance violations, in a special session sponsored by the Sausalito Chamber of Commerce Wednesday at 9 p.m. in the Alta Mira Hotel.

Dr. Ethel Righetti Rites Held

Private service for Dr. Ethel Lucia Righett 77, was held yesterday at Colma.

Dr. Righetti, owner of a 1,400-acre ranch on Bolinas Ridge which was the subject of a county suit against loggers last year, died unexpectedly Saturday at the home she shared with her brother in Castro Valley.

A 1918 graduate of the University of California Medical School, she served for more than 40 years on the medical staff of Children's Hospital in San Francisco before retiring from practice in 1964.

A native of San Francisco, she had lived most of her life in the city.

In addition to her brother, Milton Rhigetti, whe is survived by five nieces and a nephew.

A cousin, the late Perseo Righetti, was the architect of the old San Rafael Courthouse.

A Marin County suit against Dr. Righetti and an Oregon logging firm ended last year when Judge Robert H. Kroninger of Alameda County Superior Court ruled that logging operations on her property could continue if the loggers posted a $50,000 bond and set up silt measuring devices to protect creeks in the area.

JAMES SCOTT

Funeral for James W. Scott of Mill Valley will be tomorrow at 8 p.m. at Andersen's Funeral Parlor in San Francisco. Scott, 77, died Saturday in a local hospital following a brief illness.

A native of Ireland, he had lived in California and Marin County for 28 years, residing at 297 Miller Avenue.

Scott was a retired carpenter and a member of the Carpenter's Union, Local 642 and the Hunters Point Naval Lodge, Free and Accepted Masons.

He is survived by a son, James Scott of Texas and three sisters, Agnes Bittles of San Francisco; Martha Adair of Lafayette, Contra Costa County, and Sarah Cromwell of Ireland.

Burial will be in Olivet Memorial Park, Colma.

PHRONA MALONE

Phrona B. Malone, of 41 Holly Drive, Larkspur, died yesterday in a local hospital after a long illness. She was 75.

A resident of Marin County for 24 years, Mrs. Malone was born in Stillwater, Okla. Her husband, Jim Malone, a retired carpenter, died in 1964.

She was a member of the First Baptist Church in Sausalito.

She is survived by three sons, James, of Tulare, Clarence, of San Pablo, and William, of San Rafael; a daughter, Maggie Watkins, of Sullivan, Ind.; her mother, Clara McFarland, of San Rafael; three sisters, Mary Boiles of Ada, Okla., Ella Curry, of Larkspur, and Faye Watkins, of San Rafael; and 11 grandchildren and six great-grandchildren.

Funeral will be Wednesday at 1:30 p.m. at Harry Williams Mortuary, San Rafael. Burial will be at Mount Tamalpais Cemetery.

ARTHUR BURTON

Arthur Burton of San Rafael, writer, former executive and one-time professional dancer, collapsed and died at the Avalon Ballroom in Oakland, San Rafael police reported today.

The Alameda County coroner's office attributed death to a coronary attack. Burton, 52, of 71 Knight Drive, was pronounced dead on arrival at Highland General Hospital, Oakland, at 11:46 p.m. Saturday.

A native of New York City, Burton had lived in California 11 years. He was a writer at the time of his death, but earlier was president of Burton Metals Corp. in Brooklyn and the Burton Steel Corp. in Sausalito, both metals distributing firms. He was a professional dancing instructor in his younger days and continued to dance and occasionally teach dancing as a hobby.

He was graduated from Brooklyn College with a degree in philosophy and later took graduate work at San Francisco State College. He was a member of the American Humanist Association and the Northern California Secular Society, and was a former president of the Tamalpais Toastmasters.

He is survived by his wife, Rene, and three children, Michelle, Denise and Richard, all of the home; another daughter, Deena, at the University of Wisconsin, and a brother and sister in New York.

Funeral is pending at Park West Memorial Chapel, New York City.

JUNIOR ACHIEVERS MARKET GOODS

Junior Achiever Mike Roeser completes another sale of his company's product, chemically treated firestarters, and counts the change for Margret Schooley. About 140 Marin County youths marketed their products Friday and Saturday at the Northgate Shopping Center in San Rafael after working nearly six months in organization and production. The companies will now sell door-to-door. Junior Achievement is set up along the lines of big business to give youngsters business experience. The youthful firms will liquidate next month and the profitable firms will repay, with dividends, the $1-a-share stockholders.

Elks Lodge Hits Lawless Acts In San Rafael

San Rafael Lodge 1108, B. P. O. Elks, has issued a statement decrying "complete disregard for law and due process" in recent events in San Rafael and elsewhere in California.

The lodge declared that "lawless acts, intimidation, property destruction, open defiance, derision and assaults upon our law enforcement officers are becoming commonplace."

These conditions, said the board of the lodge in a statement by Elmer L. Howell, secretary, "force us to speak out and demand a return to obedience of the laws of this great republic where all forms of redress are available in a lawful and prescribed manner."

The San Rafael lodge endorsed a resolution adopted by the Elks at their national convention last summer in Dallas, Tex., which declared in part:

"Whereas, we abhor the anarchy and chaos in our schools and communities with a continuance of riots, demonstrations, and disorders which bring about malicious destruction of property and danger to the personal safety of our people" the lodge calls "for full support for our law enforcement agencies and courts" and demands arrest and prosecution of those "who engage in criminal acts of riot, disorder and rebellion against the laws of our country."

Westinghouse Strike Is Short; Pact Accepted

PITTSBURGH (AP) — A union of 16,000 white-collar workers ended a 3-hour nationwide strike against Westinghouse Electric Corp., early Sunday, joining three other major unions in signing tentative 41-month contract agreements.

The federation of Westinghouse Independent Salaried Unions withdrew pickets from about 53 Westinghouse plants and offices three hours after the strike began at midnight, a union spokesman said.

Officials of Westinghouse and the Federation agreed on a pact calling for a 7-per-cent wage increase the first year and another 8 per cent during the remainder of the contract. A union spokesman said considerable improvements also were made in the area of fringe benefits, including a cost-of-living adjustment.

Santa Barbara Riots Show The Issue Clearly

What happened in Isla Vista, just outside Santa Barbara, finally has shocked a lot of people into realization of the real issue raised by the growth of mob violence.

That issue is: Shall we have a civilized government of laws, or return to savagery and "the law of the jungle"?

It was put quite plainly at University of California at Santa Barbara.

THE HUNDREDS of students and other who rioted there, who battled police, burned down two buildings, ignored a curfew imposed by the governor of California, did so on advice of a man infuriated because a trial at law had not gone to his liking.

William M. Kunstler, who was one of the attorneys for the Chicago Seven, told a mass meeting of 5,500 students on Tuesday:

"This is a time to make the Chicago trial a symbol of something. . .Fill the streets so they can see you."

Within hours after Kunstler's speech, the students filled the streets. They began breaking windows. They pelted sheriff's officers who tried to break up the disturbance. And then some of them set fire to the Bank of America.

Why?

THE ANSWERS some of them gave were as appalling as their acts.

"The Bank of America is full of money for the Vietnam War," said one addled demonstrator.

Others said they did it because police had harassed them in Isla Vista. Others said they did it because they were exploited by landlords there. Others blamed University of California at Santa Barbara itself, claiming they had not been given a voice in running the school. Others said it was a protest over sentencing of the Chicago Seven. Others said they did it to protest "the rape of the environment." Still others said plainly that it was a blow at "the capitalist establishment."

Such "reasons"! The Isla Vista outbreak must indeed mark the nadir (at least so far) of mindless violence.

AND WHAT OF the man whose speech apparently touched off this ugly demonstration of the stupidity, the actual lack of civilization, of so many university students?

William M. Kunstler is an attorney. When he was licensed as an attorney, he swore to uphold the law.

His courtroom behavior during the long trial of the Chicago Seven was such that Judge Julius J. Hoffman sentenced him to four years and 13 days in jail for contempt. It was the longest contempt sentence ever handed down in a federal court in this country — but there can be little question that no trial heretofore had seen such misbehavior, such flouting of the court, such demeaning of the processes of justice, as did that of the Chicago Seven.

The severe judge, however, stayed execution of Kunstler's sentence until May 4 — to give him time to appeal, through the regular processes of the law.

SO WHAT DID Kunstler do? This lawyer, this educated man, went to University of California at Santa Barbara and told the students:

Take it to the streets!

Could the issue be more clearly drawn?

Reasons For Special Consumer Agency

My attention was called to a recent editorial in your paper arguing against the proposed local department of consumer affairs, currently under consideration in San Francisco.

This local department and "consumer hot line," an ombudsman function to cut across red tape in City Hall and get complaints resolved, are needed because the voluntary agencies such as Better Business Bureau, Chamber of Commerce, etc., have no enforcement powers . . .

The mere existence of a local department possessing subpoena powers would serve as a deterrent. The cost of expanding the existing weights and measures department to include these new consumer protection duties is negligible. At the most, it would cost ¼ cent on the tax rate. Compare this with City Hall expenditures on behalf of businesses. The Convention and Tourist Bureau only gets several hundred thousand dollars.

We believe one agency devoted to consumer interests makes good sense. We are hopeful this pilot program will be adopted in San Francisco.

Please Stand By For Pay TV (Wait May Be Bit Long)

(Reprinted from Wall Street Journal)

Pay television, which for 15 years has told its supporters to "please stand by," now may finally have something substantial to offer. At least it appears that the Supreme Court has removed the last legal hurdle to a full trial for such programs.

Under pay TV a station transmits scrambled signals that can be received in homes of subscribers who have rented or bought devices to unscramble the picture. The idea is that stations would run programing not normally available on regular TV.

LIMITED TESTS have shown that there is a market for programs that go beyond those currently available and, moreover, are not interrupted by commercials. No one can know now, however, just how large that market is.

Subscription television nonetheless has been fought right along, first by the commercial networks and more recently by theater owners. A common argument of the opponents is that pay TV will grow so rich and powerful that it will pull all the better programs and talent from commercial TV.

PAY TV's backers may wish their future really was that assured. Under the ground rules laid down by the Federal Communications Commission their prospects actually appear fairly chancy. Among other hurdles, subscription television can be offered only in cities where at least five regular commercial stations exist.

It will be interesting to see how things work out. It's a little sad, though, that everyone has had to wait a decade and a half for the answer.

TRY AND STOP ME

By BENNETT CERF

Dr. Bill Cahan recalls a day when he was an intern, and had vaccinated a kid from a very tough neighborhood. When he reached out to put a bandage over the vaccination spot, the kid demurred: he wanted it plastered on the other arm. "But, son," said Dr. Cahan, "the bandage is for the sore spot so the boys won't hit you there." "Put it on the other arm, Doctor," the kid insisted. "You don't know those guys!"

"To give you an idea of how attractive our female poodle is," boasted a commuter, "just yesterday morning I counted 22 suitors in the back yard." "They must have come from all over town," observed his seatmate. "You said it," nodded the commuter. "There were two with Oregon licenses!"

THE DRUMMONDS

Regional Authorities Necessary To Win War On Pollution

By ROSCOE and GEOFFREY DRUMMOND

WASHINGTON—If the United States is going to lick pollution, it will have to reshape the means to do it — federal, state and local government — in ways little tried up to now.

The federal government, which is overcentralized already, will have to take vast new powers in order to restore the environment to livable conditions. President Nixon said as much in his pollution-control message to Congress.

State and local government, already too decentralized to function effectively, will have to be expanded. The growing need is to replace small-scale, overlapping, local governments with consolidated government.

Since nearly every kind of pollution crosses county, city and state lines, it may well be that the United States will have to create a new instrument of government — regional governments, each embracing a number of states.

The purpose: To ceate a governing unit equal in size and authority to the pervasive pollution problem without centralizing everything in Washington.

ONE THING which stands out in the President's message is the wide range of new power which Washington would exercise to make antipollution measures mean something.

It isn't that Nixon relishes more federal authority. He just can't help it.

If the air is polluted over one state, it will pollute the next. If five communities on a single river install adequate waste disposal plants and operate them efficiently, and one neighbering community doesn't, the whole river is polluted. If one big industry is required to pay its share to end pollution and a competing industry elsewhere isn't, then the polluting company is given an advantage over its competitor.

THIS IS WHY there must be nationwide, uniform standards, uniform action and uniform enforcement, if antipollution measures are to be equitable and successful.

This is why the President's message asks Congress to give the federal government such large new powers as these:

— That federal authority be established over the air everywhere in the nation because, as Mr. Nixon put it, "Air is no respecter of political boundaries."

— That all state air-quality standards and implementation plans require federal approval.

— That federal pollution-control programs include all navigable waters, intrastate as well as interstate.

— That the federal government be the principal means for enforcing all air-quality and waste-disposal standards and that violations be subject to court-imposed fines of $10,000 per day.

— That the federal government regulate fuel composition and additives.

— That federally assisted state and local waste treatment plants — and they will nearly all need to be — be required to meet standards of federal design, operation and maintanance.

— That cities receiving federal aid must make industrial users pay enough to meet the cost of treating industrial waste.

THESE ALL SEEM to be fair and necessary measures because the nationwide problem of pollution has to be dealt with on a nationwide scale.

But unless Mr. Nixon can find ways of enlisting state and local participation in carrying out these measures, then he will be creating a bigger Big Government in Washington of the kind he says he doesn't want.

One thing that is missing from the President's antipollution message is a recommendation for a careful study of how our federal system of government — from county to city hall to state house to Washington — can unite to do the job and how authority should be distributed. Such a study should be made simultaneously with new legislation.

AFFAIRS OF STATE

Song Tries To Give Consumer Protection Instead Of Disclaimer

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — When a lot of the smoke is cleared away from the 1970 legislature, and bills with meaning come to the forefront again, there should be a lot of consideration given to measures affecting the well-being of California consumers.

This consideration will be measured in bills introduced by Sen. Alfred H. Song, D-Monterey Park, who already has two important measures before the legislature, SB 272, which deals with warranties, and SB 330, a measure to reorganize the state Department of Professional and Vocational Standards.

A THIRD BILL is SB 436, which also deals with warranties, and appears to be a measure making them more important to the consumer.

SB 436, Song said, "would prevent a manufacturer from disclaiming the implied warranties on his products, unless he clearly labeled his goods to be sold on an 'as is', or 'with all faults' basis."

If a man makes a product, Song said, it must be fit for the normal use to which such products are put, and if it isn't, he should be required by law to make good on the defects. This is called an implied warranty.

"OUR PRESENT law," the senator explained, "permits a manufacturer to avoid this requirement simply be placing a piece of paper on the product that says he will only supply the parts, or only make good if the buyer sends back the serial number, or that he won't do anything. This is an express warranty, and the language is often so complex and technical that the consumer doesn't know what it says."

To make warranties clearer to the general public, and also to aid in seeing that they are lived up to by the manufacturer, Song's latest bill, SB 436, is designed to accomplish the following:

1. Provide no manufacturer may disclaim the implied warranty on his goods unless he clearly marks them "as is" or "with all faults" or with similar language that will be clear to the consumer.

2. Require any express warranty to be in addition to the implied warranty, rather than instead.

3. Provide that goods with mechanical, electrical or thermal components will operate properly in normal usage for a reasonable period of time as part of the implied warranty.

4. Expand the definition of implied warranty to provide that the goods must conform to all federal and state statutes and regulations on quality and safety.

IN ADDITION, the bill would allow evidence about salesmen's statements to be introduced in warranty cases.

"Right now," he said, "if the salesman promised two year's protection but the warranty is only for one year, you cannot bring the salesman's words into court. My bill would allow such evidence in consumer cases."

This one provision probably would be sufficient reason to pass the measure, in view of the fact it would make salesmen responsible for their statements to a consumer.

'Secret' Cost Of Vietnam Figures Out At $14 Billion

By FRANK ELEAZER

WASHINGTON (UPI) — According to President Nixon, it would be giving away secrets to tell you that the cost of the Vietnam war next year—if he has figured it right—will be down to $13 or $14 billion.

So naturally we won't tell you that.

But you can pretty well figure it out for yourself, and presumably the North Vietnamese also can read, write and count. So some congressmen, like Sen. William Proxmire D-Wis., don't see why it's so secret.

Proxmire has been badgering top officials about the hidden Vietnam budget figure without much success. They say, among other things, it might be misleading. Nixon himself, in his budget message, called it a "security" matter.

PREVIOUS RECENT budgets have carried a specific cost estimate for what was euphemistically called "special support for Southeast Asia operations"—i.e. the conduct of the Vietnam war.

Budget Director Robert Mayo now says those figures were "guesses." Nobody can say for a fact what is and what isn't attributable to the Vietnam fighting. But however figured, costs were broken out in the budget.

For fiscal year 1969, the war was said to have cost $28.8 billion. For fiscal 1970 it is estimated to cost $23.2 billion. But in his $200.8 billion budget for 1971 — which starts July 1—Nixon included a Vietnam figure he declined to disclose.

He said he was de-escalating, Vietnamizing, and negotiating the war; that troop strength had been cut by 115,000; that further troop cuts were in prospect; and that he didn't intend to tell the other side in advance exactly what he planned to do next.

Proxmire told Mayo Vietnam costs were disclosed when the war was more popular and the military thought this would help sell their swollen spending plans for defense.

"Now that there is not public support for it and we are de-escalating, it is a mystery," Proxmire protested.

THEN HE WENT ahead to show that it isn't really all that much of a secret.

For one thing, Defense Secretary Melvin R. Laird in a speech on Oct. 22, said that by the start of the new fiscal year war costs would be down from a peak $30 billion-a-year level to an annual rate of $17 billion.

Secondly, when the budget came out, defense officials privately corrected Laird's estimate of the July 1 spending level to read $17 or $18 billion, and confirmed that if all went as planned it was safe to assume the 12-month cost would be less.

How much less is the question nobody officially will answer, although a specific figure obviously must have been cranked into the total defense budget. This overall figure, incidentally, showed a drop of $5.8 billion from the current year's level, for a total of $73.6 billion.

One way to look at this cut was that by and large it represented the reduced costs of the Vietnam war. Figured that way, the war would be budgeted for the year at about $17.4 billion.

BUT BUDGET experts say that is an oversiplmification. Actually Vietnam costs have been dropping at a rate of close to $1 billion a month, on the basis of Nixon's own figures. It would be wrong, experts say, to assume either a $17.4 billion cost for the year or a continued cost drop at the recent rate, since under the best of conditions the war can't be wound up in that kind of a hurry.

So Proxmire read all the fine print; heard all the nonanswers; and got out his pencil. He said he figured that Nixon was planning to spend on the Vietnam war between $13 and $14 billion next year.

Nobody so far has denied it. And so far —much more importantly —Hanoi has taken no action likely to prove that Nixon guessed wrong.

Smoke From Righetti Ranch Isn't Setting Any Precedent

Throughout the month of March, you'll probably be seeing considerable smoke curling up over Bolinas Ridge, from the Ethel Righetti Ranch logging area.

The county fire department has declared the slash and debris left by the leggers to be fire hazards. State forestry officials, Bay Area Air Pollution Control District officials and County Fire Chief Louis J. Bloom got together and decided to give the loggers until April 1 to burn all the debris and eliminate the fire hazards before the summer dry season.

C. W. Fairbank, deputy state forester in Santa Rosa, says that in most cases, logging should be conducted in the Bay Area without any burning. The one-month burning allowed on the Righetti Ranch is an exception and not to be construed as precedent setting.

SANTA VENETIA and Gallinas Village residents have been assured that there will be no commercial helicopter flights out of Smith Ranch Airport directly across the creek from their homes.

Residents were alarmed last Dec. 5 when a chopper from SFO Helicopters buzzed low over their homes and landed at the private field, where commercial flights have been prohibited.

Gallinas Village Improvement Association and Supervicor Chairman John F. McInnis shot letters to the Federal Aviation Agency asking in effect: "Hey, what goes?"

The FAA investigated and sent back this assurance: The Feb. 5 landing was just a one-shot deal. SFO Helicopter Airlines does not plan any future operation into Smith Ranch Airport.

THE PROBLEM of Highway 17, the east-west connection from San Rafael to West Marin, is a hot potato that the best adult minds are yet to solve. All attempts at pinning down the route have failed because nobody wants a freeway cutting through his neighborhood.

A 17-year-old high school junior has tackled the problem head-on. With the daring of intrepid youth, Russell Brand of Tamalpais High came up with an illustrated plan that shows Highway 17 taking off from San Quentin Wye, over San Rafael by viaduct, cutting across the miracle mile near the Hub intersection, and boldly slicing through San Anselmo, Sleepy Hollow and Fairfax to connect to White's Hill and on to Lagunitas.

The whole plan is displayed in the reception office of the Marin County Planning Department, complete with sketches of freeways, over passes and cloverleafs.

But if you see your home in the middle of one of the interchanges, don't be too alarmed. It's only the proposal of one youthful designer-planner and not an official county plan by any means.

Students Seek Gillette Recall At Sonoma State

A group of Sonoma State College students is circulating a petition on campus calling for the recall of study body president James Gillette.

Annette Lombardi of Cotati said she and others began circulating the petition Wednesday. Signatures of 10 per cent, or nearly 400, of the student body are needed for a special recall election.

A spokesman for the petition group said it was hoped the necessary signatures could be secured, but "we don't expect to be really successful in getting the two-thirds vote needed" to recall Gillette.

She said the reason for the petition was that Gillette has usurped his powers, used these powers for his own personal purpose, and that he has not acted in the best interests of the Associated Students.

Another petition is being circulated on the campus. This one, from Gillette's office, asks for a special election to determine if the $9 student fee should remain mandatory.

EOC Chairman Will Not Serve Again

Dr. Festus Adebonojo, chairman of the Marin County Economic Opportunity Council, has informed the group he will not be able to serve on the council this coming year.

The council is scheduled to elect new officers at its meeting Wednesday at 8 p.m. at the EOC youth center.

Wow! Man! It's Here Again— Spring Bustin' Out All Over

Oops! There they go again!

The acacias are in bloom and the brown, rusty hills are turning green, laying down their color getting ready for the mustard. It's spring a-coming and I feel it already. I can tell it, it's in the air and in the wind, and I can feel it a-coming out of the earth, smelling warm and rich and full of juice. How I run! I'm gonna run from here to Texas and back and on the way I'll scoop out another Grand Canyon just for the sport of it.

Oops! Here comes another electric-blue sky day!

THERE AIN'T NOTHING gonna go wrong this day! There ain't nobody gonna stop the sap from rising, the ground from swelling and my ginger from bubbling. Nobody, nowhere, nohow! I'm gonna laugh right in the ear of trouble and double-dare her to take me on. I've got a chip on my shoulder a yard wide and long as a plank, so stand back there, here I come—today I've got it made!

Oops! They're looking for me, want me on the eastern coast, want me to tangle with that big black bear in the Maine forest and I can't tell them no, I can't even spell the word, and I'm just a-busting with affirmation. So watch out bear, watch out Maine, watch out east coast, watch out world, here I come!

Oops! There it comes again!

THAT MIGHTY river, that ol' Miss feeling it too, boiling an' rumbling an' rolling on, gonna scrub the country clean again right down the middle and float it all out to sea if we don't watch out. And the Merrimack, the Ohio, the Columbia, the Colorado and don't forget that Gunnison high up in the Rockies where the trout run fast and are just going crazy looking for a fly fisherman to attack. And that little bit of water that wasn't there until someone turned on its valve and got it pumping again out of the rocks and sending it cascading down ol' Devil Peak, down into the canyon, down into the American and the Bear and into the sea, laughing all the way and yelling and sputtering and fussing, all the way down into the sea!

Oops! There they are again.

THE BUSTIN' buds! They're gonna do it, they're gonna bust right out of their skins and flaunt the sun and tempt the rain and tickle the wind. And those birds! They're all over the place, getting high on pyracantha berries, hopping dizzy and spitting in the cat's eye. They've got it too, they've got the feeling, they've got it good, yes they do!

Oops! There it is, showing up all over the country.

The great grunting 'gators coming out of the Florida Glades and those giant bull frogs jumping higher than the swamp grass, getting out of reach and making it and croaking with the zing of it all. There's the rattlesnakes coming alive in the desert country, the hill country of Texas, and getting ready for the round-up in Oklahoma. Big fellows, big and ornery and mean and just alooking for me to step in sight and I'll be looking for them too, looking for a fistful of them. I'm gonna put them in my hip pocket and tie their rattles to my hat. That's what I'm gonna do!

Oops! There I go again!

LEAPFROGGIN' over those Rockies and sliding down the Sierras, splashing — splash! — into the sea! I'm alive I am, yes I am! I've got leather lungs this day and stainless steel legs and a cast iron jaw. And I'm ready for the world. Get ready World, here I come! Just try me on this great, good, golden, gorgeous spring day!

Yeah!

A BIG TURNOUT — This was part of the crowd of 3,000 which turned out yesterday in Sepulveda, a Los Angeles suburb, to hear Chicago 7 attorney William Kunstler call for more "peaceful demonstrations" by youth. Police gathered nearby for possible disorder, but none materialized.

Son Of Pat Brown Seeks State Office

LOS ANGELES (UPI)—The 31-year-old son of former Gov. Edmund G. "Pat" Brown, today announced his candidacy for California Secretary of State with a promise if elected to correct loopholes in laws regarding campaign contributions.

Edmund G. Brown Jr., in news conferences scheduled for here and San Francisco, said times have changed from the campaigns of the last decade, which could be financed with donations from friends and constituents.

"But today—in the age of television and expensive billboards—most candidates are forced to accept money from paid lobbyists and special-interest groups," the Los Angeles attorney said.

"I believe this is inherently corrupting," he said, "and this tragic situation must be changed."

Brown said the secretary of state was California's chief elections officer and should play a central role in election reform.

"As a first step," he said, "I would vigorously enforce campaign disclosure laws now on the books.

"These laws require candidates to report the precise source of all contributions. Yet, most reports are so vague they're actually more funny than informative," Brown said.

Brown said that as secretary of state he would enforce the law and issue "guidelines to candidates telling them what kind of detail is required on their campaign reports."

Brown is a graduate of the University of California and Yale Law School. He is currently an elected member of the Los Angeles Community College District Board of Trustees.

Youths Vow Renewal Of Their Wrath

SANTA BARBARA, Calif. (AP) — Some dissident youths have vowed to resume a destructive rampage in the college community of Isla Vista when remaining National Guardsmen are withdrawn.

"We have nothing against the Guard," said one girl. "But when they leave get ready, 'cause we're going to give the pigs hell!" "Pigs" was a reference to peace officers.

More than half of the guardsmen were pulled out Sunday—leaving an estimated 200 to 300 to back up an equal number of sheriff's deputies, police and highway patrolmen.

Maj. Gen. Charles A. Ott Jr., the Guard commander, said all troops might leave Tuesday if all remains calm.

In three nights of violence last week, before the guardsmen arrived, youths fought police with rocks and bottles and burned a Bank of America branch office to the ground. They also smashed store windows and set fire to a patrol car.

Officers have arrested 141 persons since the trouble started last Tuesday.

Light rain put a damper on demonstrations Sunday for a second day.

Kunstler Calls For More Youth Marches

LOS ANGELES (AP) — William Kunstler, defense attorney in the Chicago riot trial, has called on young people to demonstrate peacefully "at every courthouse in the nation to fight political oppression."

Kunstler said Sunday that demonstrators were responsible for the release on bail Saturday of the seven defendants convicted on riot and contempt charges.

"It was a people's victory," the 50-year-old attorney said. "The seven would still be in Cook County Jail if people hadn't gone into the streets for them. The people united behind the bail question and intimidated the court."

The U.S. 7th Circuit Court of Appeals overturned a ruling by the trial judge, Julius J. Hoffman, who denied bail on the grounds the defendants were "dangerous men" and their appeals were "frivolous."

Kunstler—accompanied by Tom Hayden, 29, one of the defendants, and Leonard Weinglass, 36, his fellow defense attorney—spoke to an umbrell-toting crowd in cold, drizzly weather from a platform in back of a Unitarian church in suburban Sepulveda. Police estimated the crowd at about 3,000.

"Officials are using the law like Hitler used it," Kunstler said. "We must stand shoulder to shoulder, flank, to flank . . . to let government, courts, the men who run this country, feel and see the power of the people."

There were no incidents during the rally, sponsored by The Conspiracy, a California organization raising money for the appeals of the five defendants convicted during the trial on charges of crossing state lines to incite rioting during the 1968 Democratic National Convention.

The appeals will cost $250,000 to $500,000, Kunstler said.

Hayden, free on $25,000 bail on his five-year sentence, said he and his fellow defendants were "stand-ins for the new generation."

"We stood for an incendiary idea, the most incendiary idea in all history—all power to the people," he said. "This is the motto of the new generation."

Chicago 7 Defendants Plan Talks

CHICAGO (AP) — A legal consultant to the seven former defendants in the Chicago riot conspiracy trial said Sunday they plan extensive speech making, undaunted by a U.S. appeals court warning against "seditious" public remarks.

Stuart Ball Jr., said the political activists plan the speeches to raise funds for their appeals, which the defense estimates will cost between $250,000 and $500,000. Ball is among attorneys assisting in the appeals.

The seven were freed on bail Saturday when a five-judge U.S. Appeals Court panel overturned a ruling by federal Judge Julius J. Hoffman, who denied bond on the grounds that they are "dangerous men" and their appeal is "frivolous."

Granting bond, the court warned that it could be revoked for inflammatory speech, citing a 1956 Supreme Court decision which states that the U.S. "has the power to restrict seditious speech directed against it, because the government has the duty to prevent revolution."

COLLECTING GEMS and minerals of the earth and making jewelry are the hobbies of Mr. and Mrs. Lyle Phillips of Novato, members of the Marin Mineral Society since 1961. Left, they admire half a geode from Brazil. A gray sphere, when cut it reveals a beautiful center of amethyst and crystals. Center, Cameo Phillips holds a slice of geode to the light revealing its center of banded golden carnelian and clear agate. Right, Cameo is working at the faceting machine or goniometer in her home. The stone is cut to allow light to penetrate from different angles and show its color brilliance.

Rockhound Fever Makes Her Seek The Rare And Unusual

By DOROTHY NEWELL

To most people a rockhound is a person who goes to out-of-the way places to gather rocks.

But to those who have caught the fever, a rockhound is a person who looks for the unusual, the rare, the beautiful in the rocks of the earth. This may be on a crowded beach or in a remote mountainous or desert area.

They understand the thrill of finding a specimen, whether it be a mineral, semi-precious stone or precious gem.

They also understand the thrill of taking a stone, tumbling it and working it into a cabochon or faceted gem — something everyone can admire.

Such a couple are Mr. and Mrs. Lyle Phillips of Novato. One has to see their collection of raw stones in the process of being worked and then the finished product to appreciate them.

The artistic Phillips are now specializing in faceting stones. They taught themselves the art since taking classes in making cabochons, used in jewelry, at the College of Marin and also classes in silver jewelry at the adult education classes at San Rafael School. (These classes are not taught any longer.)

In faceting, the stone is cut to show many little "faces" or facets, to allow light to penetrate the stone from different angles and show its color and brilliance.

A specal machine is used — a goniometer. Thus far, the Phillips have purchased their stones for faceting (mostly from Mexico) and have worked only with quartz. But they hope to go on to cutting harder gems such as sapphires, rubies and diamonds.

Cameo says it takes a great deal of patience to facet. Lyle can facet a stone in eight hours but it takes her as many as 16 hours, she said, as each angle must be mathematically calibrated.

Emerald cut, round brilliant and oval brilliant stones are among their collection. They are now Journeyman Pegboarders, with certificates given them for the three years they worked in mastering faceting stones.

Cameo and Lyle began rock collecting in 1960, after a short time of panning for gold, which they never found, in the Mother Lode Country.

They joined the Marin Mineral Society in 1961 and were able to learn more about minerals as well as locations.

"The Mineral Society is a good club," Cameo said. They show films and plan a field trip every month. "But rocks are hard to come by" she said. "We have to dig for them now."

"We like all of it though," she continued. "Being out with other rockhounds and being by ourselves."

Most of the trips are fun and without incident but she related that on one trip to Paradise, walking into a dam to look for jadite through low cut logs and brush, one of their members became lost for three hours.

On another trip near Morgan Hill when the society was looking for jasper one woman lost her footing while going down a steep bank to a stream, but determined, she didn't lose a single one of the rocks she had found.

All age groups are involved on field trips, ranging from children (known in some circles as pebble pups) to octogenarians.

Among some of the field trips taken by Society members have been hunting for agate and whale bone at Bolinas and goat rocks, carnelian pebbles at Fort Cronkhite Beach and obsidian (volcanic glass) at Alturas.

Cameo and Lyle both celebrate their birthdays in December and their gifts to one another during the past 10 years have been rock polishing and cutting equipment including diamond saws, polishing wheels and tumblers.

Lyle has made his own tumbler, using a one-quarter horse motor with three cans using separate grits or polishing compound in each one.

As most rockhounds, the Phillips plan their vacations to visit areas they have heard about from friends or members of the society.

Some of the trips have been to the garnet fields in Idaho and last year to North Carolina where they planned to mine for sapphires. But they had to return to Novato without gems because Lyle became ill.

The Phillips have five daughters. Susan is a Novato High School senior, Lylene is 10 years old and the three married daughters are Mrs. Keith Chess of Tennessee, Mrs. Michael Langland of Novato and Mrs. Joseph Langland of San Rafael.

Cameo Phillips also crochets and collects antiques as hobbies and is a member of the Novato Republican Women's Club, Novato Federated Women's Club and an antique class.

CAMEO, WHO has worked with the stone in every step of jewelry making looks at some of the pieces she and her husband have made. The stone in this jewelry was cut from the rough slab then ground on a wheel making the center of the stone higher than the edges.

ON THE AGENDA

Baby Sitter Training Course To Be Presented Saturday Morning

The **Woman's Auxiliary to the Marin Medical Society** is presenting its annual Good Emergency Mothers Substitutes program Saturday from 9 a.m. to 1 p.m. in Olney Hall of the College of Marin.

GEMS, a baby-sitting training program for boys and girls from 12 to 16 years old, began several years ago in response to a concern over the high rate of home accidents involving children left in the care of baby sitters. The course trains baby sitters to forsee and cope with particular emergencies thereby preventing and minimizing accidents.

Subjects covered include fire but precaution, environmental safety, handling of infants and child care, first aid and resuscitation and responsibilities of the baby sitter and of the parents. Instructors will include Capt. Rolf Stahlbaum and other members of the Kentfield Fire Department, Mrs. Stewart Moir, Dr. Mary Griffin, Mrs. Robert Stewart and members of the auxiliary, who will present their subjects through talks, films and group participation.

Enrollment, limited to 200 boys and girls, can be made through the Marin Medical Society office at 35 Mitchell Boulevard in San Rafael or Mrs. Donald Barbour and Mrs. Allen Beallo, chairmen of the program.

JEANNE KOSTELIC

SOPRANO JEANNE Kostelic will present a program tomorrow at 2 p.m. for members of the **San Rafael Improvement Club** and president of Marin County Federated Women's Clubs.

Miss Kostelic appeared in opera, symphony and television roles before coming to California where she has been active in the Marin Chamber Ensemble, Camararate Plays and the Baroque Consort.

Following the concert tea will be served by Mrs. William P. Murray and her committee.

SPEAKER AT the **Novato Federated Women's Club** in Novato on Thursday will be Irving Links of Novato, who will show slides of his trip down the Amazon and discuss the Novato Prehistory Museum now accepting memberships.

The meeting will begin at 10:30 a.m. at the Lodge; coffee will be served at 10:30 a.m. followed by the program at 11:15 and a buffet luncheon at noon.

A RUMMAGE sale sponsored by the **Outdoor Art Club** at the clubhouse in Mill Valley will be held Friday and Saturday.

Chairman Mrs. Ernest Brymer says many treasures have been found at previous sales among things people have blindly discarded.

Hours will be 10 a.m. to 4 p.m. Coffee, cake and snacks will be available while customers browse.

The clubhouse at East Bilthedale and Throckmorton Avenues will be open every morning, starting tomorrow, for re-

HELEN HELP US!

By HELEN BOTTEL

Writer Says Peace Symbol Is Broken Cross Of The Anti-Christ

DEAR HELEN:

Did you know that the Peace Symbol many of our youth wear today is really the broken cross of the anti-Christ? It is Communist-inspired, as are many other ideas perpetrated on Americans.

Most young people don't know the true meaning of the symbol—that it is the badge of the atheist—but every time it is displayed on clothes, chains, posters, etc., the Godless Communists have won yet another victory.

If you don't believe me, read the enclosed pamphlet which shows how thoughtless and vulnerable the American people are.—T.A.

DEAR T:

Sorry, I don't believe you or the pamphlet, which has no more authority than its writer, a man of strong prejudices but little proof.

Your letter, however, made me realize how little I sometimes know and how much I rely on gut feelings in my reactions to such scare talk.

So I spent a day snooping.

Here's what I turned up about the origin of the peace symbol:

A popular theory is that the circle stands for life, the inner figure (a man with arms downstretched) means death. Thus: "In all life there is death, but let us die non-violently."

The true origin, says a minister at the Sacramento Peace Center, dates back 13 years to the Easter March against nuclear submarines in England. The circled figure is a composite semaphore signal for nuclear disarmament, and has since come to mean simply peace. —H.

P.S. Digging for one fact unearths others. Here are a few unrelated items I turned up on ny day of research:

Did you know (or do you care?) That—

Since 1496 B. C. there have been only 230 days of peace throughout the civilized world.

The highest individual U. S. income in a single year was made—not by Henry Ford I with a mere $70,000,000—but by gangster Al Capone who is estimated to have amassed $105,000,000 during 1927. Question please: Where did it all go?

The United States has more psychiatrists—and more cigarette smokers—than any other nation in the world. But Soviet Russia has the highest number of physicians.

New York, Louisiana, and Hawaii are the only three states where the minimum legal age for the purchase of hard liquor is under 21. (Legal age in New York and Louisiana: 18; Hawaii: 20. However, several states now allow light wine and beer to those over 18.

If you're a boy under 21 with marriage on his mind, you will have to have parental consent in all but seven states: Georgia (19), Hawaii (20), New Hampshire (20) and Kentucky, Michigan, North and South Carolina, (all 18 or over). For girls, the age of decision (no parent consent needed) is usually 18, although 12 states still set it at 21, and Hawaii holds out at 20. And in New Hampshire, a boy of 14 and a girl of 13 may be married with the consent of the court and their parents.

The Swedes drink more coffee per capita than do people of any other nationality, but residents of France and the United States consume more alcohol per capita than do the Swedes. Incidentally, the U. S. has almost twice as many divorces per capita as does Sweden. And we have more than twice the percentage of syphillis too. Fact is, in many ways, Sweden—much maligned for its free sex and things—is considerably purer than the good old U.S.A.—H.

This column is dedicated to family living, so if you're having kid trouble or just plain trouble, let Helen help you. Address Helen Bottel in care of the Independent-Journal.

All Accessories

For spring, the line between accessories and ready-to-wear is becoming more and more blurry with body belts, body scarves, body jewelry and body stockings. It's now possible to dress entirely in accessories, in fact.

Donna DeMartini Becomes The Bride Of Peter W. Linley

Donna Maria DeMartini became the bride of Peter Woodin Linley in evening nuptials Feb. 18 at Trinity Episcopal Church in Tulsa, Okla.

The daughter of Mr. and Mrs. Louis W. DeMartini of San Rafael, Donna was attended by her sister, Gail DeMartini of San Rafael as maid of honor and by Mrs. Benjamin Quigley of Tulsa as bridesmaid.

Albert Cuite of Tulsa was best man for the bridegroom, whose parents are Mr. and Mrs. Frederick H. Linley Jr. of Tulsa. Mike Turpin and Steven Earl, both of Tulsa, seated the guests.

A reception followed at the Camelot Hotel in Tulsa and the couple left afterward for a wedding trip to Dallas. They will make their home in Orinda.

Donna was in her third year at the University of Tulsa prior to her marriage. She is a graduate of San Rafael High School. She is the sister of Gail, Stephen and Louis DeMartini of San Rafael and the granddaughter of Mr. and Mrs. Louis James DeMartini of San Francisco and Mr. and Mrs. Charles H. Seymour of Walnut Creek.

Peter attended St. Johns Military Academy in Wisconsin and Thomas H. Edison High School in Tulsa. He was graduated from the University of Tulsa and has been employed by Susan Crane Packaging Co. in Dallas.

PRESS GUIDE IS AVAILABLE

A new guide for press chairmen of organizations which are interested in getting news to the Marin Women's Section of the Independent-Journal is now available at the San Rafael main office and the Novato, Mill Valley and Southern Sonoma I-J offices.

The booklet, "Getting News Into Your Newspaper," is issued as a service of the Independent-Journal Women's Section to assist press chairmen for women's organizations.

The guide explains policies of coverage, how to prepare news stories and meeting notices, and the special stories and features emphasized by the section.

The booklets at the San Rafael office may be obtained from the switchboard on the main floor.

AGENDA

ceipt of donations. Pickup can be arranged by Mrs. Brymer.

THE CATHOLIC Ladies Aid Society of St. Vincent de Paul Catholic Church in Petaluma will hold its annual spring rummage sale at the church parochial hall Thursday from 9 a.m. to 2 p.m. Members will be at the hall Wednesday afternoon to receive contributions for the sale, the society's main yearly fund-raising project.

Chairmen are Mrs. Walter H. Dado and Mrs. Joseph Ruocco of Petaluma.

JOHN REED Parent-Teacher Association, Rohnert Park, held election of officers at its February meeting. They are Mmes. William Hanley, president; Lawrence Millard, first vice president; Orville Colyer, second vice president; Charles McGrath, secretary; Randall Foutch, treasurer; William Blaylock, historian; Ronald Rasmussen, parliamentarian; and Frank Mettert, auditor.

THE SONOMA Valley Hospital Auxiliary elected new officers at its quarterly meeting. They are Mmes. Charles Dudley, serving her second term as president; John E. Connors, first vice president; George Jones, second vice president; and secretary; and David Pfeiffer, treasurer.

Committee chairmen are Mmes. Clarence Koelle, applicant screenings; Helen Kilpatrick, arts and crafts; Barney Margolis, placing of paintings in hospital rooms and corridors; Lucille Idol, in charge of the "As Is Shop;" and D. E. Bradfield, mobile blood bank.

In charge of personnel is Mrs. John Corey. Committee chairmen are Mmes. Jean Roth, co-ordinator of candy stripers; L. I. Mosier, in-service chairman with D. M. Monteith as co-chairman.

Other chairmen include Mmes. A. B. McEwing, membership; Francis Linne, nominations; Walter Cornelius, press; Otho G. Crawford, Redwood Empire Volunteer Council; and Florence Demis, historian.

In charge of prenatal teas will be Mrs. Gino Gitti with Mrs. S. W. Standeven as telephone chairman.

Installation ceremonies will be held during the spring luncheon on Saturday at the Sonoma National Golf and Country Club.

A highlight of the meeting was the presentation of a check for $3,000 to the hospital, bringing the auxiliary's contributions for the fiscal year to $11,000.

THE COMMUNITY Church Club (Triple C) will have a program presented by Dr. Rodney B. Hartman of Mill Valley following its monthly luncheon meeting at noon Wednesday in the parish hall.

Dr. Hartman will show slides of Eastern Africa, taken during a trip which he and his wife Zaida took during the spring of 1969.

Luncheon chairman Mrs. Ewald Katzung will be assisted by Mmes. Roland Kurtz and Joe Leininger.

MUSIC REVIEW

Magnetic Night With Miss Price

By JAMES E. WILLIAMS

SAN FRANCISCO—There was not only one superstar on the stage of the San Francisco Opera House Saturday night, but three—Leontyne Price, Seiji Ozawa and the San Francisco Symphony.

From the opening bars of Mozart's Overture to "The Marriage of Figaro," one sensed one was on hand for a rare musical experience. Indeed, it was just like that.

And with the appearance of Miss Price for her first number, the recitative and aria "Dove Sono" from "The Marriage of Figaro," the magnetic cycle was complete.

In the Golden Gate City, Miss Price is an operatic household word. And she did not let her loyal following down. The richness of her voice was there from the start. Her feeling for Mozart is genuine. Ozawa and the orchestra were a perfect background for her rare quality.

The evening continued to be one accomplishment after another.

The tiny Ozawa molded Verdi's Overture to "La Forza del Destino," into a brassy ending with rich tones from every section of the orchestra. The same thing was true, and even more so, especially in the waltzes in Suite from "Der Rosenkavalier," by Richard Strauss.

High point of the evening's program was again from the pen of Strauss—Four Last Songs—composed prior to his death in 1949.

Miss Price's mature Germanic feeling, plus the pastoral quality of the orchestra, was an overwhelming experience to hear.

The world-famous soprano, who launched her operatic career from the same stage in 1957, also presented the aria "Pace, Pace, Mino, Dio," from "La Forza" and the haunting "Ritorna Vincitor" from Verdi's "Aida." In the "La Forza" aria, Miss Price's voice was a marvel to hear, almost crystal like with velvet overtones.

Following her final aria, the standing room only audience exploded. Finally Miss Price and Ozawa granted the wish with two encores, both Puccini—from "Manon Lescaut" and "La Rondine." The audience was still in a state of musical shock when the house lights went on.

This sterling performance of the familiar—though uneven at times — will no doubt go a long way with establishing Ozawa—when he assumes control of the orchestra next season—as a Bay Area household word. As one young couple remarked on leaving, "We're going to bring up our kids on Ozawa!"

And of course what else can be said about Miss Price, but please return.

Moon Gravel Vial Stolen During Fund-Raising Event

LOS ANGELES (UPI)—A vial of gravel brought back from the moon by the Apollo 11 astronauts is missing, apparently stolen while on display at a fund-raising dinner. The FBI has been called in to try to trace it.

The tiny vial was taken Saturday night while two off-duty policemen guarded $25,000 worth of diamonds on another floor of Bullock's Department Store.

The two-inch long glass tube containing 2.3 grams of the gray moon gravel disappeared from a pedestal while hundreds of guests were enjoying a $100 a plate buffet on a floor below.

A NASA spokesman at the Space Center in Houston said public display of lunar material must be cleared through the agency. He said their records did not indicate such a request had been made.

The sample had been loaned to the Saul Winstein and Doheny Eye Foundation by the Institute of Geophysics at the University of California at Los Angeles, where it was being studied by Dr. George Weatherfill along with other portions assigned to scientists by NASA.

Mrs. Rita Pyncos, who organized the charity affair, said she felt the disappearance of the moon substance was "perhaps a practical joke." The FBI said persons at UCLA would be questioned along with the sponsors of the event in attempt to reveal at what time it was stolen and if it could have been a "joke."

Stephen Lawrence, business manager for the institute at UCLA, was in charge of transporting the sample to the department store and back to the laboratory. He noticed it was missing late in the evening after it had been on display for three hours.

"I can come to no other conclusion but that it was a theft. I certainly did not lose it," Lawrence said.

Lawrence declined to discuss the security arrangements which had been made by the sponsors of the dinner, but it was reported three guards hired by the sponsors did not stand by the exhibit but mingled among the crowd.

The vial was being displayed along with two other moon samples —a rock and a slide with moon dust on it which was under a microscope. Only the tube was missing.

A calculation of the monetary value of the sample would be impossible, but it is of vast importance since the astronauts have returned so little material for world scientists to study. The United States has spent an estimated $24 billion since it started the space program and so far Apollo 11 and 12 have brought back a little more than 100 pounds of rock and dust.

The charity affair was attended by 275 to 300 persons. It began with a fashion show on the second floor where the moon exhibit was on display and then the guests went to the first floor for dinner.

It was shortly after the dinner the vial was discovered missing, Lawrence said.

Offshore Oil Blaze Big Problem

VENICE, La. (AP) — It sounds like a thousand jets thundering as the giant finger of flame rises from the big offshore oil platform, weaving a blanket of gray smoke over the Gulf of Mexico.

The platform houses a dozen oil wells, owned by Chevron Oil Co. It broke into flames three weeks ago and today the platform, 30 miles off the southeastern Louisiana marshlands, is a tangled web of steel.

Fire fighting specialist Red Adair's crew is working to try to snuff out the fire and cap the wells. Before flames engulfed it on Feb. 10, the 12-well cluster was producing 900 barrels of oil daily.

There will be another problem when the fire is extinguished—oil will spill into the Gulf and may contaminate rich oyster beds.

Company officials said there is no way to estimate how much oil will spew from the wells because they are not sure how many in the group surfacing at the platform are producing.

"We're not going make mistakes made before, like the Torrey Canyon," said Tom Riggs, assistant general manager of Chevron, referring to the big tanker which hit a reef and blackened the Cornish coast of England with its oil cargo in March 1967.

"We have new techniques and we are going to use all the material and know how available."

He said a likely way to handle the spill would be to station barges around the platform to scoop up the oil as it pours forth.

Just when Adair's crew will try to snuff out the fire is not known.

"It might be three days or three weeks," Riggs said. "We just don't know. It's all up to Adair's men. They'll move when they feel they're ready."

Chevron has erected a platform adjacent to the burning wells. From it, a half dozen big hoses play on the fire.

Riggs said the company's loss would run well into the millions.

Trustees To Eye Video Proposal

A proposal for a full-scale educational television project at Tamalpais High School will be outlined when the Tamalpais High School District board meets at 8 p.m. today in the district office.

Jacob H. Wiens of Wiens Electronics Laboratories, Woodside, will present his findings on the potential of TV at the school.

The board also will hear a progress report from instructor Roger A. Griffith on the On Location Education program, an experimental program offered last year for some students doing poorly in regular coures.

Auto Pollution Down In Decade

SALT LAKE CITY (AP) — A California air pollution consultant says pollution from cars has been cut by 80 per cent in the past 10 years.

Dr. W. L. Faith, Los Angeles, said the reduction will reach 90 per cent by 1975, "which may be adequate," but cstting the last 10 per cent of air pollution from car engines will be a difficult and costly process.

He spoke before a group of engineering students and faculty Friday at the University of Utah.

DRAMA REVIEW

Brecht's 'Good Woman' Proves Excellent Mill Valley Vehicle

By GARY TISCHLER

The most interesting and meaty theater in Marin County is still being done in Mill Valley.

The Mill Valley Center for the Performing Arts proved that once again Saturday with its presentation of Bertolt Brecht's "The Good Woman of Setzuan," an oppressive, and basically shattering piece of theater.

There are faults in the production, some of which lie in the play itself. The first act is overly long, not because it is dull or badly done. Quite simply, one longs for some light and a drink of water. Then too, the message of the play—to be a good person in a sick insane and evil world is a terrible burden—is at times heavy-handed and obvious. One can already hear the buzz of the parasites and the shriek of disaster long before the glow wears off the heroine's face.

Shen Te, the Good Woman, is a prostitute who has the misfortune of freely housing three wandering Gods in search of a good person. The Gods contend that she is good and charge her to continue being so.

The lady goes straight, opens up a tobacco shop and is immediately set upon by a pack of hungry, greedy and amazingly cannibalistic pack of relatives and sundry parasites. Shen Te cannot survive and continue being good without adopting the guise of an alter ego, a cousin who is at times heartless, efficient, and cruelly practical. She falls in love with a charming scoundrel, becomes pregnant. It is Job, doggedly good despite misfortune, all over again, with some cruel twists. Because the Gods do not make everything right. In fact, nothing is right. By doing good, Shen Te invites disaster and chaos. And this is the way of the world and the Gods do not help. Suffering to them is an abstract thing, not a personal pain.

The performances and the staging are harrowingly effective. Nancy Argue as Shen Te and the cousin does a versatile job, one moment a sing-song Lillian Gish of virtue, the next ice-cold and prim in a frigid suit and tie.

But it is the pack of parasites who descend upon Shen Te who steal the show.

They're like a parade of fleshy, screeching human ghouls, the worst dregs of Brecht's and for that matter, Dickens's underworld. Particularly effective are Shirley Slater as a petulant, leeching fishwife and E. Sheldon Jones as a drunken, overcharging carpenter. Mel Berman, a veteran of local little theater, contributes a funny bit as a rich, fawning and absolutely phony barber. But perhaps most disturbing is Scott Sherman, who says very little in his role as a waif-like grandfather, one of the pack of starving misfits. But every hobbling, hollow noise he makes out of his chalk face sounds like the dying words of some child who has seen too much.

Bernard Sterling is effective as the charming, cocky pilot who becomes Shen Te's lover, displaying a rich voice and a strong presence. Albert Cingolani is excellent as Wong, the scare-crow water seller who is haunted by the Gods or exalted ones. And the Gods themselves, Emanuel Brookman, Kenneth Howard and Aaron Alger, continually stalk the play, extemporizing, bewailing, and in the long run, impotent and inhuman.

The play will be presented again this Saturday and Sunday and again March 13-14, 20-21 and 22.

Blood Clot Is Fatal To Quint

MONTREAL (AP) — Marie Houle, one of the Dionne quintuplets, died of a blood clot, according to a preliminary autopsy report. She apparently died a week ago today. Her body was found Friday.

Marie, separated from her husband, was reported by Dr. Marcel Bernier, her physician, to have been in a state of depression for several weeks, but the autopsy report said death was due to natural causes.

Quintuplet Emilie died in 1954, and three of the sisters, born in 1934, survive: Germain, Annette and Yvonne. They and their parents, Mr. and Mrs. Oliva Dionne of Callender, Ont., will attend Marie's funeral services here Tuesday.

Leaders Named In Ballot Drive For Housing

Ernest N. Kettenhofe, former Marin County supervisor, and Margaret Azevedo, Marin County planning commissioner, have been elected co-chairmen of a citizens committee working for 600 federally financed low-rent housing units to be built in Marin County.

The group, named the Committee for Adequate Shelter (CASA), is spearheading a campaign for the housing to be placed for voter approval on the June 2 ballot.

Final approval of the wording of the ballot item will be decided at a Marin County Housing Authority meeting Tuesday at 8 p.m. in Room 400 at the Civic Center. The matter will then be sent to the Board of Supervisors for placement on the ballot.

Kettenhofen has appointed the following committee heads for CASA,'s campaign: Mrs. Edward J. Boessnecker of Mill Valley, finance; Louis Della Valle of San Rafael and Carroll A. Snyker of Ross, co-chairmen, organizations committee; William A. Lewis of Mill Valley, speakers arrangements, and Frank Edlund of the Marin Senior Coordinating Council, publicity.

San Domenico Concert Is Wednesday

The San Domenico singers will present their annual free public spring concert Wednesday at 1:15 p.m. in Alumnae hall of the school's San Anselmo campus.

James Tippey is director of the group.

Sponsored by the Dominican sisters and San Domenico Alumnae Council, the concert will feature both choral and solo selections.

Acompaniment will be provided by Faith France, director of the department of music at San Domenico, on the piano and harpsichord, with cello continuo by Jan Gauder, a senior student.

Cello and piano solos will be performed by Miss Gauder and Miss Joan Franzini respectively. Miss Franzini is also a senior at San Domenico.

The concert will be taped by radio station KKHI for future broadcast, and a repeat performance will be given Thursday evening at the De Young Museum in San Francisco.

The moon is approaching its new phase. The morning stars are Mercury and Jupiter. The evening stars are Venus, Mars and Saturn.

On this day in history:

In 1899 Congress established Mt. Ranier National Park in Washington state.

In 1927 Babe Ruth of the New York Yankees signed a contract for $70,000, making him the highest paid baseball player to that time.

In 1943 the World War II Battle of the Bismarck Sea began. When it was over, American airmen had destroyed a Japanese convoy of 21 ships.

In 1945 units of the U.S. Ninth Army reached the Rhine River opposite Dusseldorf, Germany.

A thought for the day: Francis Bacon said, "Virtue is like a rich stone . . . best plain set."

Six Teen-Agers Held On Pot

An 18-year-old Pacifica youth and five Southern Sonoma juveniles have been arrested in Novato after a policeman said he found marijuana in a car he had stopped for a traffic violation.

Michael D. Martin, 18, was booked into Marin County jail on suspicion of transporting and supplying marijuana and the five juveniles were cited to juvenile hall on suspicion of being in a place where marijuana was being used.

The officer stopped the carload of youths about 9 a.m. Friday and found the marijuana on Martin, police reported. Martin was in lieu of $2,500 bail and was scheduled to appear today in Marin Municipal Court.

WINNING BRIDGE

By ALFRED SHEINWOLD

Ruffing Of Losers Is A Complex Part Of The Game

As experienced bridge players we talk about ruffing losers in the dummy as though this were a simple idea, but it's really quite complex. One of the problems is that your losers are sometimes disguised as possible winners. You have to yank at the beards to see if they come away from a smooth face.

HEART LEAD

West leads the jack of hearts, and you try dummy's queen hopefully. East covers with the king, and you win with the ace. You note that you might have to lose one heart and three clubs, so you do some thinking about saving one trick.

The simplest thought that occurs to you is to lead a trump to dummy's queen and return a club from dummy. If East has the ace of clubs, well and good; you will get a club trick with the king. If West has the ace of clubs, you will eventually ruff a club in the dummy.

Take another look at the word "eventually." It might mean on the next hand or in a few months. You won't ruff any clubs in this hand.

TRUMP RETURNS

West will lead a trump each time he wins a club trick, and two rounds of trumps will get all of the trumps out of the dummy. That is, two rounds of trumps from West and one round of trump from you.

You wouldn't have led that round of trumps if you had started with three small clubs instead of three clubs headed by the king. You would see that you could surely ruff a club in the dummy if you led a club from your hand at the second trick instead of wasting a trump to lead a club from the dummy.

RUBBER BRIDGE

At rubber bridge, therefore, you assure the contract by leading a low club from your hand at the second trick. If West returns a trump, you win in dummy and lead a second club. Even if West has the ace of clubs and leads a second trump, you can win in your hand and ruff your third club with dummy's last trump.

Collision Inflicts Head Cut On Driver

Daniel E. Bell, 23, of 22 Main Street, San Quentin Village, suffered a cut head when his car was struck by a vehicle driven by Peter L. Rasmussen, 30, of 31 San Carlos Way, Novato, at 7 p.m. Friday at the Second Street entrance to Highway 101 in San Rafael, the California Highway Patrol reported.

Bell declined hospital treatment.

THIRD SECTION — SAN RAFAEL, CALIFORNIA, MONDAY, MARCH 2, 1970 — 15

HIGH WHEELERS OPEN BRIDGE LINK

Al Kaiser of Santa Rosa and his son, Richard, riding 100-year-old bikes pedaled directly at the wheels, headed about 100 wet cyclists marking Saturday's rainy opening of the Golden Gate Bridge's new bicycle bridge to Fort Baker. Yesterday's far better weather brought 287 more cyclists to the new crossing, bridge officials reported. (Independent-Journal photo by Jim Kean)

Freak Crash Injuries Are Serious

A Bolinas woman, apparently attempting to flag down a passing motorist, was seriously injured Saturday when a halting pickup truck swerved and pinned her against her own car along Shoreline Highway, three miles north of Bolinas.

California Highway Patrol officers said the woman, Danni Loomis Post, 37, co-operator of the Gibson House, Bolinas, was struck at 11:20.

She suffered a fractured pelvis, multiple cuts and internal injuries and was reported in fair condition in the intensive care unit at Marin General Hospital today.

She had stopped her northbound car along the roadway and was standing beside it waving her arms, when a southbound pickup truck driven by Henry Basil Lacaze, 53, of 10 Willow Avenue, Stinson Beach came along, officers said.

Lacaze applied his brakes and his truck swerved, pinning Mrs. Post against her car, officers said. The report wasn't complete, and there were no further details of the mishap.

Collision Hurts Two Motorists

Glenn A. Rogers, 21, of 19 Stetson Avenue, Kentfield, suffered head and knee injuries when his car collided with a vehicle driven by Arthur P. Wright, 28, of 1259 San Jose Boulevard, Novato, at 1:30 a.m. Saturday on Highway 101 near Alto, the California Highway Patrol reported.

Mary Ann Bryant, also of 19 Stetson Avenue, Kentfield, a passenger in Rogers' car, suffered a knee injury.

Rogers and his passenger declined hospital treatment.

Marinite's Letter Is Found On Beach

A bottle thrown from an ocean liner into the Pacific 23 months ago by Joanne Gaidano, 2111 Fifth Avenue, San Rafael, was found last month by Christine Alau on a New Guinea beach, but it took six weeks for an air-mail letter to reach Mrs. Gaidano to tell her about it.

Mrs. Gaidano threw the bottle, containing her name and address, from the Matson liner, Mariposa, as it crossed the equator. Mrs. Alau found the bottle Jan. 10.

Bagley Condemns Tax Initiatives

I-J Special Report

LOS ANGELES — Initiative tax measures aimed at the 1970 ballot "threaten the very fabric of government in California and would raise horrible havoc with the taxpayers," Assemblyman William T. Bagley, R-San Rafael, predicted today.

Bagley, chairman of the Assembly Revenue and Taxation Committee, made his attack on the measures before the Los Angeles Chamber of Commerce. He will introduce Gov. Ronald Reagan's tax revision package on Wednesday.

There are at least five initiative tax measures aimed at the ballot this year, each seeking in various ways to limit property taxes and shift the burden to state taxes.

"In the main," Bagley declared, they "are mechanically unworkable and mathematically impossible." They have "one fatal difficulty in common," he said, "because they are not subjected to the legislative crucible, only one special interest group, and sometimes only one person, determines what each contains."

One of the initiatives, proposed by Los Angeles County Assessor Philip E. Watson, "will fold, spindle and mutilate the taxpayer," Bagley said.

Watson authored a 1968 ballot measure to limit property taxes, but it was defeated overwhelmingly by the voters.

Bagley said it would cause "a sizeable net tax increase" and increase total government spending. It also could jeopardize the state water project by limiting taxes by special districts," Bagley said.

"The Watson proposal is not reform, it is ruination. All of California would become 'Watson's Wasteland,'" Bagley charged.

The initiative by the California Teachers and County Supervisors associations "is even worse," he declared. "The propaganda supporting this proposal states that the $1.13 billion cost can be paid for in part by a 'state surplus of $537 million.' This is patently false.

"The promoters of this measure know, as we do, that no such surplus exists and that all but $28 million of such funds are already committed in the current state budget," Bagley said.

Telephone Rate Increase Sought

LOS ANGELES (UPI) — An application for approval of a $4.4 nillion rate increase was filed with the California Public Utilities Commission Friday by General Telephone Company.

A General spokesman said the increase would add 45 cents per month to the bill of a business customer and 25 cents a month to most residence customers. He said Private Branch Exchange, or PBX trunk rates would increase about 65 cents.

The supplemental application was filed in accordance with a rate order issued last year, when the commission said it would authorize the rate increase following "proof of adequate service," which the company also filed.

Burglar Back A Second Time

A burglar who wasn't satisfied with his loot from one night's burglary, returned the next night for a second try at the same Novato business, police reported today.

Golden Apple Beauty Salon at 1450 Grant Avenue was burglarized of $35 cash between 7 p.m. Friday and 10:30 a.m. Saturday, police reported.

The owner, Henry C. Grossi, returned yesterday morning to find that he had been burglarized of $50 between 6:30 p.m. Saturday and 10 a.m. yesterday. There was no sign of forced entry in either burglary, according to police.

Hearing Slated On Annexation

A public hearing on the proposed Lucky Drive annexation will held when the Corte Madera Town Council meets today at town hall. The meeting will start at 7:30 p.m. and the hearing at 8 p.m.

The council also is to consider a proposed ordinance governing conduct in and use of town park and recreation areas, approved last week by the park and recreation commission.

A discussion is scheduled on the division of responsibility between the town and Ross Valley Flood Control Zone for maintaining and clearing watercourses in the Corte Madera Creek watershed.

Conservation Committee To Be Named

A seven-member conservation advisory committee will be named tomorrow by the Marin County Board of Supervisors to develop guidelines on the future of agricultural preserves in Marin.

Supervisors Louis H. Baat and William A. Gnoss will make the nominations. The job of the advisory board will be to see whether the agricultural preserve area should be reduced and to determine what uses would be compatible with agricultural use. A state law passed in 1969 requires that all property within an agricultural preserve area be restricted to uses that are compatible with agriculture.

Supervisors face a heavy agenda at tomorrow's all-day meeting at the Civic Center.

The county health officer and the county administrator will recommend a slight raise in fees for such services as inspections of food establishments, chest X-rays and immunizations.

Marin Resident Care Association, which represents boarding homes for the aged, will ask for an increase in monthly rates per person from $220 to $275, which would cost the county an additional $115,000 per year.

The architect for the proposed new library in Corte Madera will present design plans.

In the afternoon, the supervisors will award a contract for construction of the new Novato branch of the county library. Low bidder was Fostmeier Construction Co. of Rohnert Park, at $302,500.

Public Works Director Donald R. Frost will report on the status of phase 3-A of the Corte Madera Creek flood control project from College Avenue to Ross Post Office. He said there is only a 50-50 chance that the job can be started this year.

A proposed ordinance to control filling and construction on shorelines and tidal waterways will get another public hearing.

Disclosure Law Study Due Tonight

The Fairfax School District board will discuss the state's financial disclosure law when it meets tomorrow at 7:45 p.m. at the district office at 58 Park Road.

Also on the agenda is discussion of the 1970-71 budget and priorities for the school district.

REP. WILLIAM S. MAILLIARD
Seeks reelection

Mailliard Will Seek Reelection

I-J Special Report

SAN FRANCISCO — Rep. William S. Mailliard, R-Sixth District, will run for reelection to a 10th term in the House of Representatives.

Mailliard, 52, took out nomination papers Friday in San Francisco, the first to do so for the seat. No one has indicated he will attempt to unseat Mailliard.

Milliard's district includes Marin south of Hamilton Air Force Base and most of western San Francisco.

Mailliard is the ranking minority member of the House Merchant Marine and Fisheries Committee and a member of the House Foreign Affairs Committee. He recently was named chairman of the California Republican Delegation in the House.

Fracas Outside Vehicle Leads To Two Arrests

A San Anselmo youth who reportedly hit a policeman and a woman who came to his aid have both been arrested, San Anselmo police reported today.

Brigardo Groves, 19, of 1512½ San Anselmo Avenue, was booked at Marin County Jail on suspicion of battery on an officer, resisting arrest and driving without a license in his possession. Gail Lysle Maclise, 33, of the same address, was booked on suspicion of interfering with an officer.

Police said Patrolman David Oliva saw a parked car on San Anselmo Avenue Friday afternoon, blocking the sidewalk. The car had no license plates or temporary paper license.

Asked for identification, Groves said he had none and no vehicle registration, and started the car. Oliva told him to turn off the ignition, but Groves put the car in gear.

When Oliva reached in to turn off the key, he said, Groves hit him in the face. Oliva told Groves he was under arrest and Groves reportedly responded, "No pig is going to tell me what to do."

After several minutes of struggling Oliva managed to pull Groves, who wears braces and walks with crutches, from the car. An off-duty Sausalito policeman, Michael Decttr, arrived at that point to help handcuff Groves, who continued to struggle.

Mrs. Maclise reportedly approached and grabbed Oliva's badge. He warned her away, and after she grabbed his badge a second time he arrested her when Groves was subdued.

Oliva reported Groves hit him reported Groves hit him in the in the groin repeattdly during the struggle.

Decter reported Mrs. Maclise was exhorting the crowd which gathered, saying Oliva was being brutal in subduing Groves. Both policemen said only necessary force was used.

Another witness, Keith E. Caughie, 20, of 93 Florence Avenue, San Anselmo, later wrote out a statement for police, saying it was a case of "police brutality" by Oliva.

Caughie said he did not see the start of the incident, but did see Groves hit Oliva. He said Oliva then put his knee into Groves' back to hold him down for handcuffing.

Groves posted $500 bail to appear in Marin Municipal Court April 14. Mrs. Maclise posted $625 bail to appear tomorrow. Both are College of Marin students, police said.

Stabbed Man's Condition Fair

Joseph B. Kemp, 53, of Building O, Apt. 73, Hilarita Housing, has been removed from the intensive care unit at Marin General Hospital and is reported in fair to good condition, a hospital spokesman said today.

Kemp underwent lengthy surgery Feb. 25 after he was stabbed in the heart by another Hilarita resident in a dispute over a dog, according to sheriff's deputies.

Ocita Ann Teal, 17, was booked into Juvenile Hall on suspicion of assault with a deadly weapon and assault with intent to commit murder in connection with the stabbing, deputies reported.

Petaluman, 19, Dies In Auto Crash

A 19-year-old Petaluma girl was killed and two companions injured yesterday when their car struck a tree of Petaluma Boulevard North near Willowbrook Inn.

Dead on arrival at Hillcrest Hospital in Petaluma at 1:15 a.m. was Linda Hankins, daughter of Mr. and Mrs. William Hankins of 4725 Bodega Avenue, Petaluma.

Injured were Eleanor Henry, 23, of 721 Western Avenue, Apt. 12, Petaluma, the driver, and Becky Rodriquez, 17, of Napa.

California Highway Patrol officers said the car had drifted on a curve and the driver overcompensated in correcting, sending it across the roadway and into the tree at 12:40 a.m.

Miss Hankins, a nurse's aide at Crestview Convalescent Hospital, Petaluma, was a 1968 graduate of Petaluma High School.

Miss Henry, sho suffered cut arms and legs, was reported in fair condition at Hillcrest Hospital and Miss Rodriquez, who suffered face and head cuts, was reported in good condition at the hospital.

Surviving Miss Hankins are her parents, two sisters, Cindy and Pam, and a brother, John, all of Petaluma.

Requiem Mass will be celebrated at 9:30 a.m. tomorrow at St. Vincent De Paul Church, Petaluma. Rosary will be recited at 8:30 p.m. today at Sorensen's Chapel, 969 Petaluma Boulevard North.

Divorce Laws Changes Sought

SACRAMENTO (UPI)—The author of California's new divorce law said Friday that the measure was "not infallible" and he planned to introduce corrective legislation.

Assemblyman James A. Hayes, R-Long Beach, made the statement in a speech before the California Trials Lawyers Association at its three-day conference.

For one thing, Hayes said, he would amend the child custody provision by substituting the word "should" in the directive that "the mother shall be awarded custody if the child be of tender years."

The Republican lawmaker said several states were using California's law as a model in drawing up similar measures.

He added that lawyers from throughout Europe and Canada have expressed interest in the new law.

Note Links Man To Bridge Leap

A 23-year-old San Rafael man apparently jumped to his death from the Golden Gate Bridge sometime this weekend after parking his car in a parking lot on the Marin side of the Bridge, the California Highway Patrol reported.

The highway patrol said an auto belonging to Frank Prather of 2 Corrillo Drive, was discovered yesterday. A suicide note and life insurance policy were found in the locked car.

Prather was last seen by his wife, Mary Ann, at 7 a.m. Friday when he left for his job in San Francisco. He did not show up for work and was reported missing to police Friday night.

Prather had been despondent over financial and family problems, the highway patrol reported.

SALESMEN!
You make more where the action and advertising are the greatest! Naturally your sales . . . and your commissions, are dependent on your ability to sell. But . . .a large part of your leads come through your broker's advertising and the activity generated by the firm you work for. Doesn't it make REAL SENSE for you to "GO WITH THE WINNER?" . . . the firm that month in and month out leads all others in sales, listings, leads. It doesn't cost YOU any more to go where the action is. . .where the money is to be made.
Naturally all inquiries will be kept in strictest confidence. Ask for BILL NELSON or BILL TIMMER at. . .

TIGHT MONEY?
NOT WITH US
FACTS: 30 year old internationally known Corp.—last year sold over 9 million of its products in the U.S. alone—AAA-1 rated—unheard of warranty, DESIRES man or woman to start part time with small investment of under two thousand dollars (secured by inventory) and work 2-4 hours per week-YOU must have excellent references, a car, and a definite desire to expand with a percentage of the profits on a planned program—Company sets up completely. NO SELLING — not vending—First time offered on this plan. Call collect. Mr. Richards (415)593-7844 or write giving phone number to Romara, Inc., P. O. Box 178, San Carlos, California 94070.

VENDING IS BIG BUSINESS
We have enjoyed 20 years of unparallelled integrity dealing with our customers. Our company is expanding again and requires distributors to service routes of vending machines.

ROUTES ESTABLISHED!
NO SELLING!
NO SOLICITING!

JUST PLAIN, OLD FASHIONED GOOD SERVICE!

Car is required! Six to ten hours per week can run a small route. Income commensurate with investment and effort. Earnings can grow to $1,000 per month with investment starting as little as $1,500.

Yes, we will consider part time operators who are looking for an ideal supplemental income situation, but he or she must be expansion minded. An intelligent company financing plan is afforded after initial investment.

Please do not waste your time or ours if you're looking to "play with a few vending machines." Sincere people who are prepared to follow this company's principles of "an honest day's pay for an honest day's work" may write.

Your first letter should contain sufficient references to verify. All letters are personally reviewed by Mr. Cecil Ussery, President and Chairman of the Board,

If Virus Could Be Isolated Cancer Cure Around The Corner

The control of cancer may be just around the corner, provided the causative virus is isolated and a vaccine can be prepared. Many of our best researchers are convinced that viruses are linked to cancer. We have gone as far as we can with early detection and treatment with drugs, radiation, and surgery.

Prevention is already practicable in a limited way. It includes avoiding physical and chemical agents known to start malignancies, such as radiation, sunlight, certain dyes, cigaret smoke, and air pollutants. A cancer vaccine would be the answer to our wildest dreams — if a single drug would immunize us against all malignancies.

MOST CANCER research has centered about three viruses. One of these, the Epstein-Barr virus, causes cancer in African children. It has been found also in victims of Hodgkin's disease and is blamed for infectious mononucleosis (mono). The second is a herpes virus found in a high percentage of women with cancer of the cervix.

The third culprit (C particle) differs from the others in that it is a virus like organism. Ordinary viruses enter cells, multiply, and spill out their offspring when the cell is exhausted. C particles enter the cell and disappear.

This has led some authorities to theorize that the undetected virus is passed along from mother to child and is repressed for decades. For reasons unknown, it is revived to produce a malignancy.

VIRUSES ARE known causes of various infection, which is why they were not suspected as a cause of cancer. Most known viral diseases come in epidemics because they are contagious. Cancer is not. In addition, cancer is predominantly a disease of older adults. Viruses, however, are not partial to any age group.

We have much to learn about the factors that trigger tumor viruses to change a normal cell to a cancerous cell.

MOUTH BREATHER

Mrs. C. writes: My 10-year-old child has breathed thru his mouth since he was a baby. He never closes his mouth unless someone calls it to his attention but it falls open again a few seconds later. Is there a reason for this and can it be corrected?

REPLY

This may be a habit or it may be due to nasal obstruction, enlarged tonsils, or enlarged tongue. Your son should be examined by a nose and throat specialist.

HARDENING OF THE ARTERIES

H. A. writes: Does hardening of the arteries always lead to a fatal heart attack?

REPLY

No. Some persons with arteriosclerosis live to 100 years whereas others die before that from stroke, cancer, auto accidents, infections, or almost anything you can think of. While heart disease heads the list of killers, it does not have a monopoly on deaths.

BONY SPUR

F. A. writes: Is a bony spur on the heel a form of arthritis?

REPLY

Some of these growths stem from arthritis. Others develop as a result of strain or an usual pull on the tendons attached to the heel bone.

UNTREATED ANEMIA

Mrs. A. A. O. writes: Can untreated anemia in a child turn into leukemia?

REPLY

No. Conversely, a victim of leukemia often develops anemia.

Today's Health Hint — Cold and exercise may bring on angina.

Best-selling print in Marin

Unlike most popular prints, each edition of the I-J is strictly an "original" . . . fresh with the impress of today's news.

To compose it, our writers and editors draw from the world-wide palette of AP and UPI wire services. They also examine all of Marin and Southern Sonoma County, putting the facts, with local color, in detailed perspective.

And to enrich the total picture, I-J newsmen add a full spectrum of features, cartoons, comment, entertainment. They paint in schools, the Civic Center, the field of sports, world of women, vital statistics, even the weather. They squeeze the tube for every bit of information!

Result: with the I-J, you're an art collector! Got your own gallery! Art of Information; Art of Perspective; Art of Humor; Art of Citizenship.

All from an original print.

TV REVIEW

Al Capp Is Wonder To Behold

By RICK DU BROW

HOLLYWOOD (UPI)—It is a wonder to me that no network has signed Al Capp to do a talk show, particularly one that would air late at night.

For if the silent majority is as potent as some believe—and as the national Nielsen ratings seem to indicate repeatedly—then his ratings would figure to go right through the ceiling.

The problem, of course—as made clear Sunday in the superb profile of Capp on "NBC Experiment in Television"—is that he has the true artist's impatience with fashionable pseud-sophistication.

SPEAKS OUT

He also says what is precisely on his mind with a wit and pungency that draws blood. He may very well be the most direct heir of H.L. Mencken operating among us today. In all cases, the NBC-TV hour should be a required rerun in prime time.

The apparent reason for the network profile was that Capp not only is the creator of the brilliant and devastating comic strip "Li'l Abner," but also has become a hot property on the college lecture circuit because of his views on young people's behavior.

What most people forget is that Capp says, "About 95 per cent of the kids are perfectly decent. They don't protest by cracking deans' skulls." What arouses him are acts of physical violence.

MAJORITY FURY

And, he noted seriously Sunday, what terrifies him is what he fears will happen when the majority can no longer take it from the activist minority, and unleashes its fury.

Capp has lately been described as a darling of conservatives and target of liberals. This is limited thinking. It merely reflects reaction to his latest targets.

But how many people remember, not so long ago, when he lampooned big business through the character called "Bullmoose" in his comic strip? As I recall, there was a number in the "Li'l Abner" musical production that went "What's good for general Bullmoose is good for the U.S.A.," and it was devastating.

MORALITY OF ART

In short, as Oscar Wilde observed, "The morality of art consists in the perfect use of an imperfect medium." And Capp in an artist, as the Sunday broadcast made clear. The trouble, of course, is that politically-oriented targets of all stripes usually have little sense of humor when they are being skewered.

An admirer noted in the program that Capp's basic idea has been: "If it's big, hit it." The cartoonist himself observed that he has always been a dissenter, but that a humorist "must find fakery and fascism wherever it is."

If Capp can find any single major satisfaction in his work, it may be, as the broadcast subtly indicated, that with the artist's simple tools of pen and ink he has shown that the human mind is a weapon mightier than bricks and bottles.

Oakland Driver's Arm Broken

An Oakland woman suffered a broken left arm when her brakes failed Saturday and her car struck a pine tree and overturned off Drake's View Drive, Inverness Park.

California Highway Patrol officers reported that a southbound car driven by Pamela Lee Franklin, 21, left the roadway at 3:45 p.m. after the brakes failed.

She was treated at Marin General Hospital and transferred to Kaiser Hospital in Oakland.

Her passenger, Robert Young, 26, of Berkeley, who suffered a cut nose, was treated at Marin General Hospital.

Nine other persons suffered injuries, mostly minor, in six other traffic accidents Saturday, officers reported.

James Daniel Moore, 23, of 156 Morningsun Avenue, Homestead Valley, suffered stomach and back pains when he was thrown at 6 p.m. from his motorcycle along Shoreline Highway, near Maple Street, Tamalpais Valley.

Moore was traveling southbound along Shoreline Highway when his motorcycle skidded on a downhill curve and he was thrown against a guardrail, officers said. He was admitted to Marin General Hospital for observation.

Frank Clifford Seewester, 19, of 200 Vendola Drive, Santa Venetia, suffered a head cut when his northbound car spun off Highway 101 on Puerto Suello Hill, near North San Pedro Road and into a guardrail at 11:40 p.m. He was treated at Marin General Hospital.

Jack Albert Sallaberry, 22, of 431 Cayuga Avenue, San Francisco, suffered back cuts when his westbound car veered off Sir Francis Drake Boulevard, east of Irving Bridge, Samuel P. Taylor State Park, at 9:10 p.m.

Sallaberry failed to negotiate a curve and his car went off the roadway, down a 15-foot embankment and came to rest on its top in Papermill Creek. He was treated at Marin General Hospital.

Four youths escaped with minor injuries when their car went 80 feet down an embankment off Panoramic Highway, west of the Mountain Home Inn at 4 p.m.

Officers said the driver Phil Meyers, traveling east bound turned to avoid a car he thought was in his lane. His car spun and he attempted to straighten it out, but instead it went down the embankment and came to rest upside down.

Sherrill Morris, 18, of Los Angeles, a passenger, suffered a head cut and was treated at Marin General Hospital. Meyers and two other passengers, Linda Rae Laier, 18, of San Carlos Way, Novato, and Steven Harris, 18, of Los Angeles, suffered cuts and scratches, and were to see their own doctors.

Timothy John Lawson, 18, of 100 San Joaquin Place, Novato, suffered a head cut, when his southbound car struck a wet spot along Highway 101 north of the Alto overcrossing, and spun into a light pole at 6:55 a.m. He was treated at Marin General Hospital.

Bruce E. Wittine, 19, of 1374 Sir Francis Drake Boulevard, San Anselmo, suffered a bruised left hand in a three-car collision on Sir Francis Drake Boulevard, east of El Portal Drive, Greenbrae, at 3:40 p.m. Officers said he was making a u-turn on the boulevard when the accident occurred. He was treated at Marin General Hospital.

'The Odd Couple' Will Open On Petaluma Stage

The Little Hills Theater of Petaluma will present Neil Simon's "The Odd Couple" at 8:30 p.m. Friday and Saturday and March 13 and 14 at Petaluma Senior High School.

Taking the lead roles of Oscar and Felix are Dr. Frank R. Foster of Petaluma and William Kane of Rohnert Park. Both have appeared in previous group productions.

Others in the cast include Joseph Hennessy, G. Robert Armbruster, Robert Brotsch, William Whittier, Barbara Weber and Kay Sabados.

The show is directed by Elizabeth Martin and produced by Diane Strohmeyer. Barbara Montgomery is assistant director and Troy L. Wicker is technical director and stage manager.

Landscapers Chapter Sets Bay Convention

The San Francisco-Bay Area Chapter of the California Landscape Contractors Association will hold its annual conference Saturday at the Edgewater Hyatt House in Oakland.

Sen. Lewis F. Sherman, R-Oakland, and Rep. Don MacGillivry, R-San Luis Obispo, will speak on "Moving Ahead in the 70s." David J. Dorward of San Rafael, president of the association, will also address the conference.

Festival Theater Slates Auditions

The Festival Theater is holding auditions for actors, singers and guitarists for an untitled musical revue to be directed by Elizabeth Berryhill.

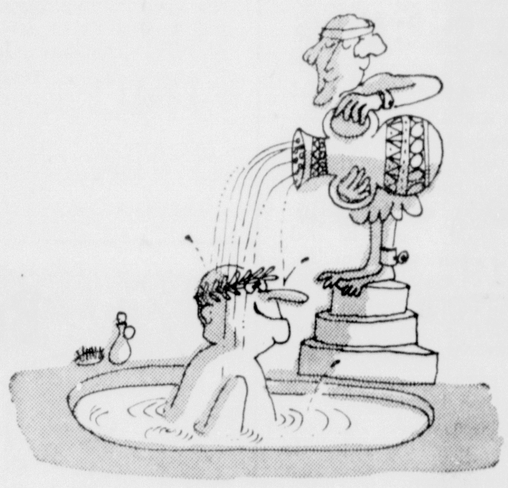
Persons between 20 and 35 may get in touch with the Festival Theater for information on preparing audition material.

County Education Board To Meet

The Marin County Board of Education will discuss the 1970-71 general and service fund budgets when it meets at 8 p.m. today at Sunny Hills School, San Anselmo.

The board also will hear a response from the California Department of Corrections on the board's recent recommendation for expanding and improving facilities at Bayview School for San Quentin Prison inmates.

Supt. Virgil S. Hollis also is to report on the 1969 Marin County Grand Jury report and on progress of plans for a regional occupational education program.



Do you have a shower in your home?

Nutty question? No indeed! All the information you supply us on your Census Form is very important because it helps your government keep tabs on the need for such things as better housing, better medical services, faster transportation, more jobs, and so forth.

You get your Census Form in the mail and fill it out yourself. And all the facts and figures you supply are top secret. Only qualified employees of the Census Bureau see the form. And all they do is feed the forms into a computer.

Be sure to answer all the questions. Please. It will take you about 14 minutes. In other words, you can help your country a lot—in no time at all!

We can't know where we're going if we don't know where we are.

Gives Prompt, Temporary Relief From Rectal Itching and Pain Caused by Inflammation.

New York, N.Y. There's an exclusive formula that promptly relieves such burning itch and pain of piles for hours and it also helps shrink swelling of hemorrhoid tissues caused by inflammation. And it does it without narcotics or astringents that often sting or smart.

Tests by doctors on hundreds of patients showed this so. The answer is *Preparation H®*. No prescription is needed for Preparation H. Ointment or suppositories.

Forum On Transit Problems Scheduled

A day-long forum on Marin County's transit problems will be held March 14 at the Civic Center, sponsored by the county's Chamber of Commerce and Visitors Bureau.

The forum will include presentations by speakers on all major facets of transit.

One of the featured speakers will be San Francisco Mayor Joseph Alioto, who will speak at noon on "Responsibility of a Core City in Solving Urban Transit Problems."

Other speakers include Dale Luehring, general manager of the Golden Gate Bridge District; Philip F. Spaulding of Philip F. Spaulding and Associates, designers of ferries; Marin Supervisor Michael Wornum; Theophus Barron Jr., president of Marin Transit Systems; Robert Shields, engineer for the bridge district; Clifford Greene, engineer for the state Division of Highways and John F. McInnis, chairman of Marin supervisors.

The forum will be held from 9:30 a.m. to 4 p.m. Lunch will be served at the Holiday Inn in San Rafael.

The last 90 minutes will be devoted to a question session, with each of the speakers serving as panelists.

Tickets for the luncheon are available through the chamber office.

Drive Slow On Abortion Law Change

A statewide effort to liberalize California abortion laws is off to a "slow start" in Marin County, according to Beverly Tait, Marin chairman of the initiative project.

Mrs. Tait, of 9 Mount Shasta Court, San Rafael, said, however, that she still expects to get the 8,000 to 12,000 signatures originally hoped for from Marin.

The drive opened Jan. 20 and has an April 16 deadline. 1,750 Marin signatures have been collected and turned in so far, Mrs. Tait said.

About 300 volunteers, of which 80 percent are women, are seeking signatures in Marin County, she said.

The petitions need a total of 325,173 signatures statewide to qualify for the November ballot. If it makes it, the initiative would ask the voters to repeal all restrictions in the state abortion laws.

Physicians and surgeons would be authorized "to perform abortion whenever requested by a pregnant woman without restriction by any individual or institution."

"We feel that abortion should not be a legislative matter any more than other operative procedures are," Mrs. Tait said. "It should be a decision between the woman and her doctor."

She said that if restrictions are repealed it would not force any woman to have, or any doctor to perform, an abortion.

State Wants Bridge Over Sonoma Creek

The Coast Guard has announced that the state Division of Highways has applied for approval of plans for a bridge over Sonoma Creek on Highway 121 near Sonoma.

Persons wishing to express opinions on the application may write to the commander of the 12th Coast Guard District, 630 Sansome Street, San Francisco, through March 26.

Man Arrested As Suspect In Wife Choking

A 59-year-old Tiburon resident was arrested by sheriff's deputies yesterday on suspicion of assault with intent to commit murder after reportedly choking his wife.

Booked was Thomas William McGrath of 14 Greenwood Cove, who, according to deputies, said he assaulted his wife, Gladys, 55, after they had aruged about money.

McGrath was jailed at 3.30 a.m. and held in lieu of $25,000 bail to appear today in Marin Municipal Court.

Deputies said that McGrath had called earlier to report his actions, and when they arrived they found Mrs. McGrath unconscious, with bruises and scratches about her throat and a cut at the top of her head.

She revived and apparently only suffered minor injuries, deputies said.

Goldenaires Set Los Gatos Trip

The San Rafael Goldenaires sponsored by the parks and recreation department will hold a day-long trip to Old Town in Los Gatos March 11.

Some Blue Cross Rates To Soar

OAKLAND (AP)—Blue Cross says it is raising rates an average 25 per cent April 1 for about 7 per cent of its Northern California members.

The boost applies mainly to persons who left employe group programs or who have transferred from other Blue Cross plans and continued membership on a direct-payment basis, said Philo Nelson, president.

"During 1969, Blue Cross paid out about $1 million more in benefits on behalf of continuation program members than was paid into the plan," he said.

Problem Of Rehirings Due Tonight

Faced with the necessity of cutting back personnel due to a loss of federal funds, the Novato Unified School District board must now decide on a method of determining which persons will not be rehired for the 1970-71 school year.

The board will tackle this problem tonight when it meets at 8 o'clock in the district administration building.

The exact number of persons to be trimmed from the district's payroll is being determined by Deputy Supt. Ralph Giovanniello. The district has indicated that there will be no cuts of elementary teachers. The cuts will be made at the junior and senior high school level and will include such people as speech therapists, librarians and classified personnel.

The board is expected to consider some form of lottery system.

The board will also hear a protest on the way field trips have been conducted from Betty Machado, a candidate for the Novato City Council, and receive a report on vocational education at district high schools.

Cranston Claims Sure Funding Of Seashore Lands

I-J Special Report

WASHINGTON, D.C.—Sen. Alan Cranston, D-Calif., says he has been assured that a bill authorizing $38 million for completion of Point Reyes National Seashore would clear a Senate committee next month and probably win full approval of the upper house in late spring.

Cranston, a sponsor of the measure, said Friday he had gained the assurance from Sen. Alan Bible, D-Nev., chiarman of the parks and recreation subcommittee of the Senate Interior Committee. Hearings on the measure were concluded by the subcommittee Thursday.

A prediction similar to Cranston's was made by Peter H. Behr, chairman of the Save Our Seashore campaign, who said supplementary funds for resuming purchase of private lands at the seashore would be available before the end of April.

Bears Kill Hobo?

FRESNO (UPI)—Two female polar bears apparently caused the death of transient Carl J. Martin, 52, whose body was found in their grotto at Roeding Park Zoo.

Martin's mauled body was found in the 20-foot-deep dry moat shortly after the zoo opened Friday morning. The coroner's office said that while the 600-pound bears could easily have caused Martin's death, it was not yet certain the victim had not been dead before his body was mauled by the animals.

Can Warriors Stay Out Of The Cellar?

Another Defeat For S.F.

DETROIT (AP) — Can the San Francisco Warriors stay out of last place in the National Basketball Associatios Western Division until the season ends?

The Warriors, who several weeks ago had visions of making the playoffs, dropped their fifth straight game and 10th of 11 Sunday, losing to Detroit 116-99.

They are now 12 games behind division-leading Atlanta and only 1½ ahead of last-place San Diego.

The Warriors have 11 games remaining, including a game Tuesday night at New York.

Detroit, paced by Dave Bing's 31 points and Terry Dischinger's 28, took a 21-18 first-quarter lead, extended it to 49-40 at the half and led 83-70 after three quarters.

Jimmy Walker, the Pistons top scorer with a 21-point average, played 35 minutes and came up with a big zero. Clyde Lee led the Warriors with 23 points and 12 rebounds.

GIANTS BASEBALL

A Dust Storm Is Real Winner

CASA GRANDE, Ariz. (AP) — A blinding dust storm blew across the ballpark during the entire game as the Ozzie Virgils defeated the Wes Westrums, 3-2, in a San Francisco Giants' intra - squad training camp game Sunday.

The infielders were invisibile to the hitters, and the catcher was blotted out from the view of about 300 people in the stands behind the plate.

What happened was more or less catch as catch can, but those Ozzies won it.

Pitcher Frank Reberger, obtained from San Diego, was on display for a good look from the coaches, but a real assessment of his delivery will have to await better weather.

Jim Moyer, young 6-foot-4 right-hander, was the losing pitcher, but again pitching Coach Larry Jansen could find no fault because the game was so dusty.

Besides, "the kid had to be a little nervous his first time out," Jansen said. "He threw pretty good to my way of thinking."

Batting star of the game was shortstop Hal Lanier. He rapped sharp singles off Rich Robertson in the first and Bob Garibaldi in the third.

Webster Ends A's Holdout; Three Remain

MESA, Ariz. (AP) — Reserve first baseman Ramon Webster agreed Sunday to sign with the Oakland Athletics, leaving only three players still outside the fold.

Remaining without contracts were second baseman Dick Green, outfielder Reggie Jackson and pitcher Juan Pizarro.

The A's regular first baseman, Don Mincher, was the batting star at the Rendevouz Park training camp Sunday, hitting several shots over the fence.

Mincher, obtained from the Seattle Pilots during the winter, reported a week late, but quickly made up for lost time. He remained at home in Meridianville Ala., while his 8-year-old daughter, Laurie, recovered from an illness.

DAVE'S LITTLE BROTHER WINS

There's A New Hill In Town

MIAMI (AP) — Little Jackson, Mich., has long been famous as the site of the Michigan State Prison and as hometown to golf star Dave Hill. Now there's a new Hill in town.

Mike "Don't Call Me Dave" Hill pulled alongside his brother Sunday as a golfer of note by bagging the Doral Open Golf tournament and its $30,000 top money.

This fellow Mike is 31 years old, looks 21 and talks like he is 61. In the moment of his first great triumph, Hill No. 2 spoke of retirement.

ON FARM

"I was raised in a farming area and would like nothing better than to settle down on a spread of my own," said Mike. "I've seen this pro tour fray many a man's nerves. When that happens to me, I'm gone."

Hill grinned and said, "I guess I might have added a couple of acres with this $30,000 check."

Mike tried to give up golf when he was 16, but his father wouldn't have it.

"I enjoyed playing baseball, but daddy kept buying me golf clubs," he said. "I did manage to hold myself away from the game for quite a spell."

During a period of almost 11 years, Mike spent a year at Jackson Junior College, a year at Arizona State, three years driving a beer truck and two years as a construction worker.

"I decided there had to be an easier way to make a living," he said, "so I gave pro golf a whirl."

NOT EASY

Things haven't come easy for Mike. He tried twice to pass the golf tour's entrance exams at the PGA National Golf Club in Palm Beach Gardens, Fla., and twice he missed by one stroke. Hill survived the third time around 22 months ago.

Mike began Sunday's final round at Doral with a three-shot lead. He once dropped into a three-way deadlock but stormed back to win by four over Jim Colbert, a 165-pound former Kansas State football halfback.

"I didn't start matching myself against anybody until it was Colbert and me," said Hill. "I had a three-stroke lead then and decided to play for pars. If he could make three birdies in five holes on this course, Jim deserved to catch me."

Hill was calm as he picked up the check that nearly doubles his $16,239 earnings of last year. "I won't feel the true impact until Monday morning," he said. "I'm so pumped up now I'm numb."

NINE UNDER

Mike fired rounds of 70-69-69-71 for his nine-under par total of 279. He plans to lay around the plush Doral site for a couple of days, but won't play golf.

"I figure that I've licked this tough course to the tune of nine under par for four days," he

BASEBALL ROUNDUP

First Base Good Place To End

By UP International

Stan Musial and Mickey Mantle, who played the outfield during most of their illustrious careers, finished up their playing days at first base and Hank Aaron and Al Kaline, with a total of 33 years of major league experience between them, may follow suit.

Aaron, the perennial All-Star outfielder for the Atlanta Braves, worked out at first base again Sunday in the absence of holdout Orlando Cepeda. The slugging Cepeda is seeking a raise to $90,000 but the Braves have offered him even less than the $83,000 he earned last season when he helped lead the Braves to the National League's Western division crown with 22 homers and 88 runs batted in.

SPLITS TIME

Kaline has been splitting his time this spring between right field and first base, but the 17-year veteran of the Detroit Tigers missed Sunday's workout at Lakeland after complaining of not feeling well. Another absentee from the Tigers drills was utility infielder Dalton Jones who was suffering from an upset stomach.

The Orioles will hold their first intrasquad game today minus the services of first baseman Boog Powell, second baseman Dave Johnson and left pitcher Dave McNally, all of whom became official holdouts Sunday.

Also facing holdout problems are the Cincinnati Reds who are still unable to satisfy second baseman Tommy Helms, pitcher Jim Maloney and third baseman Tony Perez.

The Los Angeles Dodgers signed 20-game winner Bill Singer for an estimated $45,000 while Al Campanis, the club's director of player personnel, said he and 17-game winner Don Sutton "are very close to agreement." Other Dodger holdouts include catchers Tom Haller and Jeff Torborg.

Al Oliver drove in both runs with a single and an infield out as the Willie Stargells beat the Bill Mazeroskis, 2-1, in the Pittsburgh Pirates' intrasquad games; Pat Keyy's two - run triple and a run-scoring double by Amos Otis highlighted a three-run third inning which carried the Schultz' to a 4-2 victory over the Dunlops in a Kansas City Royals' intrasquad game; and Dave Nelson was the star of the Washington Senators' intrasquad game with a homer, double and single.

The San Diego Padres whipped the Mexico City Tigers, 9-1, as rookie outfielder Julio Morales hit a homer for the winners.

Youngsters' Basketball Streak Ends

An elementary school basketball team that hadn't lost a game in Marin County Catholic Youth Organization competition in five years, saw that fantastic winning streak come to a screeching halt yesterday in tournament competition at Marin Catholic High School.

The St. Anselm's School of San Anselmo eighth grade team, unbeaten locally since the players were fourth graders, was upset by St. Rita's of Fairfax, 34-25 in the annual post-season CYO tournament. Arthur Brooks led St. Rita's with 18 points.

The teams, each with one victory in their series, will meet again some time this week to determine the Marin eighth grade representative in further Bay Area tournament play.

Palacio Defeated At Harding

Fifty-four-year-old Mat Palacio Jr. of San Rafael lost a two up decision to 24-year-old Art McNickle of San Francisco Saturday in the third round of the San Francisco City Amateur Golf Championships at Harding Park.

Palacio, the 1936 California State champion, had a chance to tie the tournament medalist on the 18th hole but missed a bold try for a 10-foot birdie putt and then missed a three-footer.

A large gallery followed the match in a steady rain.

In another championship flight match, former Marin County junior star Paul Spengler Jr. lost to Phil Barry, 5 and 4.

Solomon Breaks School Record In Final Game

Ramon Solomon broke the school record with a 42-point burst but it was a field goal with three seconds to go by Henry Crawford that gave Sonoma State College's basketball team a season-ending 102-101 victory over Hayward State Saturday night at Rohnert Park.

Solomon's performance eclipsed his own school record by one point and gave the Cossacks a final 5-18 won-lost record for the season.

Seals On Home Ice After Rough Trip

OAKLAND (AP) — The Oakland Seals were home today to begin a stand on their friendly Oakland Arena ice after a discouraging Eastern road trip.

They were beaten 3-2 by the Penguins in Pittsburgh Saturday night, the thrid straight defeat since leaving home, where they had been winning consistently.

They suffered the defeats while lacking the services of Earl Ingarfield, their leading scorer who is expected to rejoin them Tuesday against Toronto. Ingarfield has been out with a thumb fracture suffered in a game Feb. 21.

Carol Vadnais and Don O'Donaghue scored the only goals in Oakland's losing effort against Pittsburgh. The Penguins capitalized on goals by Jim Morrison, Bryan Hextall and Ron Schock.

Morrison's score got the Penguins winging in the first period while the Seals' Bert Marshall was in the penalty box for hooking.

Bruins Take Lead In Eastern Race

The Boston Bruins pursued New York for 3½ months and now it's the Rangers' turn to do the chasing.

The Bruins finally overtook the Rangers Sunday, moving into first place in the National Hockey League's East Division with a 3-1 decision over St. Louis after Chicago had beaten New York 3-1 in an afternoon game.

That gave Boston a one-point lead in the East and marked the first time since Nov. 16 that the Rangers had dropped out of first place.

Elsewhere in the NHL Sunday, Minnesota ended a 20-game winless string by blitzing Toronto 8-0 and Philadelphia tied Los Angeles 4-4.

A SLIP THAT REALLY HURT

Miss Ludmila Titova of the USSR grimaces as she takes a hard and costly fall in the 3,000-meter event of the ladies' world speed skating action in Milwaukee. The fall dropped Miss Titova from first to 13th place in the standings. Attje Kuelem-Deelstra of the Netherlands won the world title. (AP Wirephoto)

NBA ROUNDUP

Connie The Star

By U.P. INTERNATIONAL

Connie Hawkins is intent on awarding Phoenix with its first National Basketball Association playoff berth. He scored 30 points against Atlanta Sunday as the third-place Suns beat the Hawks, 109-98.

The defeat left first place Atlanta only a half-game ahead of the Los Angeles Lakers, who beat Boston, 120-114. In other games, Milwaukee topped Cincinnati, 120-114; Detroit defeated San Francisco, 116-99, Philadelphia whipped Baltimore, 104-99, and San Diego stopped Chicago, 135-122.

Phoenix, trailing Atlanta by 13 points in the first half, finally took the lead at 76-74 after three quarters. The Hawks countered with Lou Hudson's 30 points and Joe Caldwell's 29, but couldn't match the Suns' second-half spurt keyed by Hawkins.

Jerry West scored 33 points and Elgin Baylor added 29 as Los Angeles drew away from a meager 102-99 lead after Boston nearly overcame a 17-point deficit. Don Nelson continued his brilliant outside shooting for the Celtics and led the club with 30 points.

Milwaukee went on a 14-1 surge early in the fourth quarter to beat the Royals. Lew Alcindor paced the Bucks' attack with 32 points and 17 rebounds. A sound Oscar Robertson contributed 25 points to Cincinnati's losing cause.

Philadelphia continued to protect its fourth-place spot in the East with a come-from-behind triumph over the injury-riddled Bullets. Hal Greer was the spirit of the 76ers with 38 points, making good on nine of his last 10 field goal attempts. Jack Marin paced Baltimore with 31 points.

San Diego mounted a 33-point second-period rally and had five players score in double figures to beat Chicago. Elvin Hayes led the Rockets' scoring with 38 while Tom Boerwinkle and Clem Haskins scored 26 apiece for the Bulls.

SPORTS SHORTS

Rick Barry Scores 55

Rick Barry, who may or may not play as a San Francisco Warrior one of these years, scored a near-record 55 points yesterday, but neither he nor his Washington Caps teammates could find the basket in the final 3½ minutes.

The results was a 137-128 triumph for the Denver Rockets, their seventh consecutive American Basketball Association victory which gave them a two-game Western Division lead over Dallas.

Barry sank 20 of 38 shots as he fell two points short of Connie Hawkins' ABA record. Washington had narrowed a 14-point deficit to 133-128 with 1½ minutes left but failed to score another points.

In other basketball news:

NEW YORK — Pete Maravich of Louisiana State and Bob Lanier of St. Bonaventure were the only unanimous selections to a college all-star basketball team selected by National Basketball Association coaches yesterday.

The rest of the all-senior squad included Charlie Scott of North Carolina, Rick Mount of Purde and a tie between Dan Issel of Kentucky and Rudy Tomjanovich of Michigan.

Track And Field

PANAMA CITY — Cuban sprinter Pablo Montes equalled the world record in the 100-meter dash with a time of 9.9 seconds in the preliminary dash heat of the Central American games.

STANFORD — San Jose State, last year's NCAA track and field champ, dominated the middle distances and sprints in whipping Stanford in a dual track meet, 87-67 Saturday.

Tennis

LOS ANGELES — Mary Ann Eisel Curtis of St. Louis, a 23-year-old veteran, is queen of the nation's indoor tennis circuit for a third straight year after downing Patti Hogan of LaJolla, 0-6, 6-3, 6-4 for the title and the $1,500 prize money.

Miss Hogan had upset favored Nancy Richey Saturday, and was up 3-1 in the second set aganst Mrs. Curtis before faltering.

MACON, Ga. — Cliff Richey of San Angelo, Tex., defeated Arthur Ashe of Richmond, Va., 6-3, 3-6, 8-6, to win the singles title in the Macon International Tennis Tournmanet.

LOS ANGELES — Australia's Roy Emerson defeated countryman Ken Rosewall, three sets to one, to win the $10,000 winner-take-all Los Angeles Tennis Classic.

Auto Racing

RICHMOND, Va. — James Hylton of Inman, S.C., finished half a lap in front of Richard Petty of Randleman, N.C., and won the Richmond 500, his first victory over Petty in a NASCAR Grand National event.

HICKORY, N.C. — Tony Lund of Cross, S.C., held off a later surge by Jim Paschal of High Point, N.C., to capture the Grand American 300 at the Hickory Speedway.

Skiing

CHAMONIX, France — Switzerland's Andreas Sprechler won the special slalom and the combined title at the Chamonix Grand Prix ski meet.

NORTH VANCOUVER, B.C. — The flying French skied away with the National title which they barely lost to the Austrians last year at Canada's four-day World Cup meet which ended yesterday.

The French wrapped up the title by taking all four gold medals from the races, the men's and women's combined titles and a World Cup in the women's division.

Sonoma State Nine Divides Doubleheader

John Gho doubled home two fourth inning runs to give Sonoma State College a 6-5 victory over University of Pacific Saturday after Pacific took an 8-3 decision in the first game of their non-conference baseball doubleheader at Stockton.

Jay Victor was winning pitcher for Sonoma. Ken Batiloro also drove home two runs for the winners.

Lone first game highlight for Sonoma, now 3-1 won-lost on the season, was a home run by Rich Hopkins.

Solomon Splurges, Sonoma Falters

Ramon Solomon is still going wild and his Sonoma State basketball teammates still going poorly.

Solomon, averaging some 24 points a game in an otherwise lackluster season for the Cossacks, hit for 36 last night, but Sonoma State still lost an 88-83 toughie in Far West Conference game at Rohnert Park.

PAC-8 CROWN

UCLA Clinches It Once Again

By THE ASSOCIATED PRESS

"The sweetest championship?" UCLA Coach John Wooden mused, echoing a companion's question in the din of the Bruin dressing room.

"Well, yes, I guess the latest is always the best. I'm just real proud to have won it again. I'm very pleased with this win, too, and with the weekend—coming back the way we have."

Wooden's warriors, drawing 12,137 Uclan fans through the rain to Pauley Pavilion Saturday night, had just clinched their fourth consecutive Pacific-8 Conference basketball crown and sixth in seven years.

TO TOURNEY

The 109-95 victory over the stubborn Golden Bears of California also brought the Bruins another automatic berth in the NCAA tournament.

The defending champion Uclans will start their march to the finals March 12 in Seattle against the winner of the Long Beach State-Weber State game.

The win over Cal capped a brilliant bounce-back weekend for UCLA, which had been upset last weekend by Oregon's wild Ducks. UCLA routed Stanford 120-90 Friday night.

In Saturday night's other Pac-8 contests, Southern Cal smashed Stanford 85-71, Washington stunned Oregon 90-73 and Washington State routed Oregon State 86-51.

GAMES TODAY

Tonight the extended weekend ends with Oregon at Washington State and Oregon State at Washington. Next weekend, the last one for the conference, is traditional rivalry time with UCLA squaring off against USC, Oregon facing Oregon State, Cal battling Stanford and Washington tangling with Washington State.

Next weekend's Bruin-Trojan matchup is no longer quite so vital for UCLA but for Southern Cal it will likely decide whether it finishes second or third in the Pac-8.

A victory tonight by Oregon will boost the Ducks back into a tie with Southern Cal for the runner-up spot.

Trojan center Ron Riley, looking ahead to the USC-UCLA clash, said: "If we can shoot a good percentage and 'board' with them, we'll beat them."

Riley's season-high 20 points and a solid 13 rebounds keyed the Trojans over Stanford. Joe Mackey, who finished with 19, and Riley each scored 12 in the first half as USC jumped to a 41-31 intermission lead.

INDIANS LAST

Southern Cal, taking over sole possession of second place with 8-4 conference and 17-7 over-all records, consigned the Indians to a last-place finish. The tribe, 2-11 and 5-19, was led by Claude Terry with 22 points.

The Bruins, 11-1 and 23-1, displayed a balanced attack against sixth-place Cal, 4-9, 10-15. Sidney Wicks topped them with 24, followed by John Vallely with 23, Steve Patterson with 19 and Curtis Rowe with 17. Ansley Truitt, with 22 and Phil Chenier with 19 paced Cal.

The Bears trailed 54-44 at the half but stormed back within four early in the second half before the Bruin machine went to work.

said, "Well, I'm just going to let it lie until this time next year."

Mike fumbled down the stretch while piling up three second-place finishes in 1968. He had folded more often than producing under pressure, but Sunday was different.

"The kid was fantastic," said Dave, winner of $156,423 last year. "It would have been easier for me to play those last holes than watching. It was pure hell until Mike played safe on his second shot at the 18th and pitched on the green in three."

15-FOOTER

Mike parred the man-killing hole by holing a 15-foot putt, preserving his four-stroke victory over Colbert.

British rookie Brian Barnes tied for third with Larry Hinson and Bruce Devlin and Jack McGowan was sixth. Nobody else broke par for the 72 holes on Doral's Blue Monster course.

Dave Hill?

He shot a miserable 41 on the final nine, tied for 28th with such unnotables as Ross Randall and Joe Porter III and made $946.66.

That's Dave Hill. He's Mike Hill's brother, you know.

INCOME TAX FACTS

By PETER J. WIKEL

New Schedule E Greatly Like Schedule B Of 1968

Schedule E, Form 1040, Supplemental and Miscellaneous Income, greatly resmebles the old Schedule B we used in 1968. It's the place to put all kinds of income for which there is no other place on the tax return form.

Part 1 is for pension and annuity income and helps a great deal with the computation of the taxable portion of your pension or annuity. Be sure to read the instructions on the reverse side of this schedule before completing this confusing computation. These instructions are helpful in showing you the way to various tax savings possibilities in connection with pensions and annuities.

Many pensions and annuities are not taxed at all, or are only partially taxable. If you are not sure, you should consult the accountant or attorney of your choice; or purchase the book, Your Federal Income Tax 1970 Edition for Individuals from the IRS for 60 cents.

ANOTHER SCHEDULE

It is possible that you will have to attach another schedule to this Schedule E in order to explain what you are doing.

Part 2, Rent and Royalty Income. If you have previously reported rent or royalty income, this section remains unchanged and should be familiar to you. Also, you may find it necessary to attach additional sheets of paper to this schedule to fully explain your rent or royalty income.

Part 3 is a catch-all for partnerships, estates or trusts, small business corporations, miscellaneous income such as alimony, prizes, bad debt recoveries, Director's fees, jury duty, etc., etc.

CHECK INSTRUCTIONS

Be sure to check the instructions for this section because it is possible that a bad debt recovery or some such other intem would not be taxed or would only be partially taxed if there was no tax benefit or only a partial tax benefit in a prior year.

This part 3 is also used for any other income not covered elsewhere in the tax return.

It may well be that you will have to attach an additional piece of paper to this schedule to explain the entries in this section.

All of the income on Schedule E is totaled and this total is brought forward and included in line 14 of Form 1040. Be sure and check the appropriate box for Schedule E when you do that as there may well be several figures from Schedules C, D, E or F included in this total on line 14 of Form 1040.

More Like Bureaucrat Than A Rebel

NEW YORK (AP) — With his dark gray suit, short hair and neatly trimmed mustache, Barry Passett looks as though he'd fit right in with the establishment. He's even over 30.

But he's more danger to what is bureaucratic in government, education and industry than any long-haired rebel.

Passett, 35, is the head of Systems for Change, Inc., a firm founded eight months ago in Trenton, N.J., to help large institutions change themselves.

"Systems for Change is me. It's a corporate vehicle for my self-expression," Passett said unselfconsciously in an interview.

"I decided there was a real need for a small organization that was designed to help the major bureaucratized institutions change themselves internally," he said.

"This is based on a feeling that in the universities and the churches and the big business and government organizations the leaders want change. They want to turn things around. They want to be more participatory. They want to somehow relate to the youth thing and the black thing. But they don't know how."

Passett and his staff of consultants, called trainers, tell them how. They work through techniques like confrontations and sensitivity training sessions, forcing people to look at their own attitudes and helping them to learn to act as part of a group.

Passett said he has about 25 consultants from varied backgrounds. All, he said, are under 40.

One of Passett's major programs was at his alma mater, Weslesyan University Middletown, which asked Systems for Change to help the school and its black students adapt to each other.

Once they feel success through organized group action, Passett said, they will learn to work that way to accomplish their ends.

Incoming black students and selected faculty members were asked to report to school early for a special orientation session. Twenty-five of about 70 black freshmen and 10 teachers were involved, Passett said.

He said that as a result of their training session, the students developed a program of "what they felt Wesleyan had to do in order for black students to feel they were a part of the school."

Passett, a native of Hartford, Conn., worked as administrative assistant to Mayor Richard Lee of New Haven, Conn., then joined the Alliance for Progress. In 1964 he worked with the task force that set up the Office of Economic Opportunity and about a year later became head of the New Jersey Community Action Training Institute.

NEW BUICK SPORTS COUPE

Featured attraction in the Buick exhibit at the recent Chicago Auto Show was this GSX two-door hardtop, which is expected to go on sale today. Basically a GS-455 with spoilers and distinctive paint striping, it will be available either with the regular 455-cubic inch engine or a special option with high-life camshaft. Don Collins Buick in San Rafael will sell it.

Market On Robust Side

NEW YORK (AP) — The stock market held a robust gain late this afternoon, but profit taking nibbled at early price rises.

Trading was fairly active.

The Dow Jones average of 30 industrials at 2 p.m., with an hour of trading ahead, was up 5.08 to 782.67 after having been ahead 6.93.

Gainers maintained an edge of about 2 to 1 over losers on the New York Stock Exchange.

The advance ranged through the steels, motors, electronics, utilities, nonferrous metals, and chemicals. Rails and oils were mostly lower.

Westinghouse Electric, which during the weekend averted a strike, moved up 2⅞ to 63¾.

Jersey Standard, up ⅜ to Board's most-active list, closely followed by Occidental Petroleum, up ¾ to 23¼, and American Telephone, up ½ to 51¾.

Late prices on the New York exchange includtd Itek, off 5⅝ to 77¼; Xerox, up 1½ to 92¼; Newmont, up 1¼ to 33¼; United Aircraft, off 1¼ to 36½; Goodrich, up 2 to 32⅞; Phelps Dodge, up 2½ to 52⅞; and Procter & Gamble, up 2 to 111¼.

Among American Stock Exchange prices were Pentron, up ⅞ to 4⅜; Elcor, up 1⅝ to 10⅝; Milgo Electronics, up 2⅜ to 64¾; Potter Instruments, off ¾ to 40⅞; Wheelabrator, off 1⅜ to 39; and Syntex, up ½ to 36½.

Women's Apparel Firms Like East

NEW YORK (UPI)—The companies that manufactured U.S. women's apparel a century ago paid little attention to Horace Greely's advice to "Go West, young man," and their fiercely competitive successors still haven't done so, either, to any great extent.

Meinhard - Commercial Corporation, a C.I.T. Financial Corporation subsidiarly providing funds to the apparel industry, notes that a recent industry study shows that two out of three women's coat, suits, dresses and lingerie items still are made by firms here.

Large Gemco Stores Discount Center Being Planned For Marin

Rumors that the **Gemco Stores** division of Lucky Stores, Inc. will establish a large discount department store and auto service center in Marin are not without foundation—but the accomplishment may be delayed for two years or more.

Negotiations are in progress for a large parcel of property in Corte Madera but have not been concluded and extensive ground preparation will be required before construction can begin.

Gemco has several stores in the East Bay and on the San Francisco peninsula.

COSMETICA, INC., San Rafael-based manufacturer and distributor of women's cosmetics and headed be **Abe Solomon**, has completed the acquisition of 80 per cent of **Magic Mirror Beaute Salons, Inc.** and its franchised corporations' outstanding stock. Magic Mirror has been franchising beauty salons in Los Angeles for the last 10 years. It has 25 such installations and plans to double this by the end of the year.

FRANK HANSES of Mill Valley has become sole owner of **Home and Land Co.**, having purchased the holdings of his partner **William Nelson** in this real estate firm. Nelson will remain with Home and Land as vice president and will continue to be active in residential real estate. The company has five offices in Marin County.

MARTIN HANES

ALBERT V. MARTIN of San Rafael has retired as vice president and trust officer at **Crocker-Citizens National Bank** in San Francisco after 46 years of service with the bank. He has been in the trust department since 1926 and has been vice president and trust officer since 1963.

PETER E. HAAS of Kentfield, executive vice president and a director of **Levi Strauss and Co.**, has been elected a director of **Fibreboard Corp.**, San Francisco-based packaging and forest products company. He is also a director of Crocker-Citizens National Bank.

JAMES S. MACKEY of Mill Valley has been elected president of the **Imported Hardwood Products Association, Inc. Gunter Silmar** of Fairfax has been elected vice president of the logs and lumber division and **Hans Rainer** of Mill Valley has been named a director of the association.

A THREE-WEEK LECTURE SERIES on securities investment is being sponsored be **Waldron and Co.** Weekly classes begin Wednesday and Thursday from 7:30 to 9 p.m. at the company's offices at 4380 Redwood Highway, Northgate Industrial Park. Lectures will be conducted be **Terrence H. Howard** of Santa Venetia. He is with Waldron and has been a stockbroker for eight years. Free reservations may be made by calling **Miss Brose** at the Waldron office.

GEORGE SILVESTRI of San Rafael, president of **Marin Products Co., Inc.**, Ignacio, is participating in the planning of a dinner meeting April 6 in Millbrae sponsored be the Northern California Frozen Food Association. He is a director of the association.

Also active in coordinating the meeting, which will be attended by frozen food executives from all parts of the country, is **K. L. Carmichael** of Santa Venetia, executive secretary of the association.

OTHER MEETINGS: San Rafael hardware dealer **Dan J. Gallagher** is a delegate to this week's Western States Hardware-Housewares-Paint and Garden Supply Show in San Francisco . . . **Albert S. Ree** of Fairfax will be honored at a three-day convention in Las Vegas next month for outstanding **State Farm Insurance Co.** agents.

SUCCESSFUL INVESTING

Outlook Is Good For Masonite In 70s

By ROGER E. SPEAR

Q. At present I have a sizable profit in Masonite. With the future of the housing industry being rather uncertain, do you think I should continue to hold my shares?—S.J.

A. — Yes. Masonite is the largest manufacturer of raw and unfinished hardboard, accounting for 50 per cent of domestic output. While this is primarily a one-product company, the many applications which have been developed for this one product have broadened its marketability. Some 22 per cent of Masonite sales go for new housing, 25 per cent to the repair and renovation markets, 18 per cent to the commercial and institutional markets and the remaining 35 per cent to general industry. Masonite—intent on protecting itself from further instability in the housing market—plans further penetration of the more stable area of home improvement.

Earnings in 1969 rose from the previous year's $1.34 to $1.96 per share on a 19.8 per cent increase in sales which reflected growth in the remodeling and nonresidential construction area and higher income from the sale of timber and new products. These influences are expected to continue to have a beneficial effect on fiscal 1970s results.

Q.—We own shares of General Electric at an average price of $96. Should we now average down for long-term growth?—A.B.

A. — The adverse effect of the prolonged strike at General Electric on fourth-quarter 1969 and first-quarter 1970 earnings has now been largely discounted by the market. Backlog in power generation equipment alone is at $5 billion. Utility companies' construction plans for the next decade should continue to keep this end of GE's business growing at a fast pace. Sales of consumer products and computers are also expected to remain strong in the next few years. I would be in favor of averaging down on weakness for long-pull growth.

Tax Decrease Is Estimated

SACRAMENTO (AP) — The California homeowner with a house valued at $20,000 on the market would get about a 2¢ per cent property tax cut under Gov. Reagan's tax reform package.

That was the estimate Sunday from Finance Department experts.

They noted the $20,000 figure assumes the local tax assessor valued it at $4,750, close to the 25 per cent which is the average statewide.

The experts also noted that the estimate of a homeowner on the value of his house may differ from the tax assessor, and their estimates were based only on statistical averages from the 21,650 tax code areas in the state.

Reagan's tax package, about $1 billion worth of tax raises reductions and shifts, is to be introduced in the Assembly on Wednesday.

Everyone's reading Marin's Best-seller

"I think the I-J is doing a great job for the community. It keeps you up on everything. I enjoy the main news, the sports, the business page. In fact, I read the entire paper daily. If you live in Marin it's the only way to stay well-informed."
